

THE AD WE COULDN'T REPEAT!

We were warned before we ran this ad two weeks ago that there would be no repeating it — that these values could never be duplicated. Smart buyers that you were, YOU CAME, YOU SAW, YOU BOUGHT EVERY LAST BEDROOM SET WE HAD, and then you asked for more! The warehouse was empty — the factory said "No" — but you urged, you begged, you insisted. And so four of our sister stores came to the rescue. A few sets from here, a few from there and we collected enough at these astonishing prices TO REPEAT THE SALE THAT COULDN'T BE REPEATED!

CHICAGO, Ill., Dec. 2 —
Manufacturing Co., one of the largest in operation, West of the Mississippi, announced today its intention of closing its Western Warehouse Division. A spokesman for the company stated that the decision was based primarily on increased labor and its present costs, which made the present system inadvisable.
These two Western warehouses, one in Los Angeles, Calif., and another in San Francisco, must be vacated by Jan. 1, 1953 as the lease expires.
By that time it is assumed that Furniture Manufacturer Company will maintain a policy of factory direct distribution, selling only to concerns able to buy in carload quantities from the factory.
