El Camino College's famed Madonna Row, featuring reproductions of five of the greatest paintings of the Madonna and Christchild, will remain on display throughout the New Year's holidays, it was announced yesterday by college officials.

Frames for the 6 by 8 foot canvas reproductions measure 8 by 10 feet and were prepared and erected by members of the college maintenance staff. The art work was completed by members of the art department, with Miss Mildred K. Walker completing all figure painting and the final touches of "pulling it together."

El Camino's administration building, in front of which the display is arranged, is located on Crenshaw between Manhattan and Redondo Beach Blvd. To enable visitors to view Madonna Row at any time, the display is well lighted throughout the night.

One new copy of a well-known piece of artwork is added to

## Kids Flock To Perry School Play Program

More than 100 youngsters a day have been turning out during the Christmas vacation to play softball, football, volleyball, basketball and tetherball in the Torrance Recreation Department's Perry School program, according to Harry Van Bellehem, city recreation director.

The program is under the leadership of Robert Blevins and Jim Willemis.

Perry School playground is the only play area in the North Torrance-El Nido area on which there is provided professional adult leadership, and this contributes to its extreme popularity, Van Bellehem said. The only other recreation area available in the district is the county-owned El Nido Park, but there are very few facilities provided there and there is no adult leadership whatsoever, the recreation director stated.

The parents of the children in the North Torrance-El Nido district are very pleased with the fine service and attention being given to their children through the cooperation of the city and the Torrance Unified School District, in the opinion of Van Bellehem.

The Perry School Recreation program has been one of the most successful school recreation programs carried on in the entire Los Angeles County, he said. "This is due," Van Bellehem continued, "to the fine cooperation between the schools and city, but specifically to the competent leadership and the popularity of Mr. Blevins, the recreation director, who has been running the program all fall and to the fine assistance of Mr. Willemis, who has stepped in to help with the heavy schedule during the Christmas vacation period."

## Lesson-Sermon Puts Highlight On God's Power

The natural operation of God's presence and power is to deliver, restore, protect, strengthen, inspire, and redeem says the Lesson-Sermon on "God" in all Churches of Christ, Scientist, on Sunday.

Declares the Golden Text from Exodus (20:2,3), "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me."

It is recorded in Genesis (28:10,12,15,16) that "Jacob went out from Beer-sheba, . . . and he took of the stones of that place, and put them for his pillows. And he dreamed, and beheld a ladder set up on the earth, and the top of it reached to heaven; and he beheld the angels of God ascending and descending on it." And God said, "I am with thee, and will keep thee in all places whither thou goest. . . . And Jacob awaked out of his sleep, and he said, Surely the Lord is in this place; and I knew it not."

And Jacob then said, "I have dreamed, and behold a ladder set up on the earth, and the top of it reached to heaven; and he beheld the angels of God ascending and descending on it." And God said, "I am with thee, and will keep thee in all places whither thou goest. . . . And Jacob awaked out of his sleep, and he said, Surely the Lord is in this place; and I knew it not."

These upward-soaring beings never lead towards self, sin, or materiality, but guide to the divine Principle of all good, whether every real individuality, image, or likeness of God, gathers. By giving earnest heed to these spiritual guides they tarry with us, and we entertain 'angels unaware.'" (p. 299).
