

**PAUL SANDERS**  
30 Years With GP

### GP Honors Paul Sanders For Service

Paul Sanders, assistant manager of the General Petroleum refinery, marked his 30th anniversary of company service Monday.

Sanders, a veteran of refinery operations since 1919, has held his present post since 1952. In February, 1929, Sanders and 33 men put the then tiny refinery "on stream" for the first time. Since 1929 the Torrance installation has grown into one of the largest petroleum refineries in the west.

A native of Arkansas, he received the commendation of General Petroleum's Board of Directors upon his length of service record.

### New Schedule Announced for Employer Meals

Employers who provide meals to employees as part of their wages were reminded today that the California Department of Employment has established a new schedule of values for those meals. The new schedule applies to wages paid on and after Jan. 1, 1954.

T. D. Weid, auditor in charge for the department in Long Beach, said the new schedule provides the following values: for three meals a day, \$1.15; for breakfast, 26 cents; for lunch, 38 cents; for dinner, 65 cents; and for a meal not identifiable as either breakfast, lunch or dinner, 40 cents.

"Unemployment insurance taxes must be paid on meals when they are part of the employee's wages," Weid said. "This is true both of the employer's payment to the unemployment fund and the employee's contribution to the state disability insurance fund."
