ANOTHER FIRST... Another first was added to Torrance manufacturing laurels this week when the George A. Bradford Co. at A Balone and 220th St. Completed a stretcher former for the Sheridan Iron Works of New York to be used in aircraft production in Texas. The heavy equipment, with a rated capacity of 20 tons, was fabricated entirely in the local plant with the exception of the power unit and hydraulic pumps used, Bradford said. It took 90 days to construct. (Herald photo)
