

THIS HAPPENED IN A TOWN CLOSE TO OUR TOWN. Johnny, the bartender, never thought of her as the "Little Green Hornet," but just as a kind old lady who stopped in each day to rest awhile from the cares of the world. She came in every day. In her little wrinkled hand, she carried a few sprigs of mint plucked fresh from her garden. Johnny looked forward to seeing her. He also had a miniature umbrella to put on top of it, for the extra touch. She sipped her mint julep, chatted awhile and went merrily along her way. Over the years, she made many acquaintances among the customers. Because of her phobia for green clothes, she became known among her friends there as the "Little Green Hornet."

One day the "Little Green Hornet" failed to come in for her mint julep. A few weeks later a messenger came in and explained that she had gone on to a better world, Johnny was a little shocked and a lot surprised to learn that she had left a will. He was mentioned in it. She left him her chow dog. Not only did she leave him the chow dog, but so long as the dog lived, Johnny was to get \$300.00 per month. Now Johnny's problem is not being kind to people or to animals, but Johnny's problem is this: Is the \$300.00 income or is it an inheritance—and does he pay income tax or does he pay inheritance tax?

YOU WILL HAVE NO PROBLEMS if you will bring your family and friends to eat with Charley. Delicious meals at one sitting.

HERE'S A SUGGESTION FOUND IN THE PRESS-TELEGRAM; It undecided as to whether or not to do something or say something, check it against this yardstick: No. 1. Is it honest? No. 2. Is it necessary and No. 3. Is it pleasant? If you get two yes answers, go ahead!

A LADY WENT TO SEE A PSYCHIATRIST about her husband. The psychiatrist asked her what was wrong with him. She explained that he thought he was a refrigerator. Naturally she was worried about his mental condition, but besides that, it was also ruining her health. He asked why it was affecting her health, and this was her reply: "Well, Doctor, as I told you, he thinks he's a refrigerator. At night, he sleeps with his mouth open, and the light shines right in my eyes!"

WHAT FINE FEELING of satisfaction and contentment that you get from a fine meal here at Charley's is really something to look forward to. Bring the family and your friends, come in, and EAT WITH CHARLEY TONIGHT.

Tartar Teen Talk

By PEGGY WOOD FA 8-7293

As the second semester moves into full swing with Greg Jenkins pounding the gavel, we see the semester will be a busy one for the new council. Some of the things they have planned are:

1. Finishing the clean campus campaign (the council would appreciate it so much, instead of throwing your papers all over the campus, if you would just keep that paper or sack until you see a trash can. It really isn't any trouble and it will really improve the appearance of the campus).
2. Putting all the past presidents' names on gold plaques and putting them on wooden letters T.H.S.
3. Planning an exchange aud call with one of the Bay League schools.
4. Putting up he athletic slogan in the gym.
5. Budget-planning how next year's money will be spent.
6. Making a student council scrapbook. (In this scrapbook all the activities of the semester will be placed. If any individual club wants to have its activities in this book it may do so by getting the material to me).
7. Planning the spring semester elections.

The Tri-Hi-Y of Torrance held its installation of officers Monday night at Gonzales. All girls going really enjoyed the food.

If you saw 60 girls around school dressed in odd creations Wednesday, and wondered what it was, I'll inform you now. It was the GAA Spread. This is the event at which all new members are initiated. After the initiation everyone enjoyed hot dogs, soft drinks, and potato chips. The event was held in the gym after school. With this large new addition you can see that GAA is now back in full swing.

Looking around school this week we see all the girls standing up straight and nice with especially good posture. Why? It's Posture Week of course. All

Traveler to Talk To Rotary Club

Just returned from an extended European Tour, Dean Peck of the Hermosa Rotary Club will tell the local Rotarians of his travels at the Club meeting on Thursday, Feb. 25.

Some of the highlights of his trip, Peck reported, were his audience with His Holiness the Pope, in Rome; his trip to Florence, Italy, where he saw some of the beautiful works of art; Lake Geneva, Switzerland, where he was especially impressed by the sincerity of the people. Peck plans to present the picture of Europe, as he sees it, to the local Rotarians.

Driving Problems To Be Shared in New Adult Class

Torrance school and municipal bus drivers are scheduled to take part in discussions of advanced driving problems in the new, advanced course in safe driving which began Wednesday night in the school of Adult Education.

The class is for professional drivers only, and will be offered for 10 weeks each Wednesday from 7 to 10 p.m. at Torrance High School.

Information can be obtained by calling FA 8-2772.

Another dressmaking class has been added to the adult curriculum and will be held on Wednesday evenings from 6:30 to 9:30 p.m. in Room 114 at Torrance High School. Other classes in dressmaking and tailoring include a Monday dressmaking class at Seaside School, which meets from 6:30 to 9:30 p.m.; a Tuesday evening class at Torrance High School; and two Thursday classes—one at North Torrance Elementary from 7 to 10 p.m. and a tailoring class for more advanced students in Room 114 at the high school from 6:30 to 9:30 p.m. Students may register with the instructors at the beginning of the classes.

Services Slated For J. H. Scruggs

Masonic funeral rites will be held Tuesday for James Haydon Scruggs, 61, a resident of Torrance for two years, who died Saturday morning at Torrance Memorial Hospital.

Rites will be conducted by the Progressive Lodge No. 878 of Los Angeles, of which Scruggs was a member, at 2 p.m. at Stone and Myers Chapel.

A retired railroad switchman, Scruggs lived at 23221 Walnut Ave. with his wife Ruth and daughter Martha, 7. He was born in Texas. Private interment will follow the funeral service and will be held at Green Hills Memorial Cemetery.

REFRIGERATION COSTS

Americans spend about \$1.1 billion per year on refrigerators, most of them for domestic purposes.

REJUVENATOR . . . The paraphernalia shown above is part of the equipment used to recondition used cars and trucks. The display was shown at Paul's Chevrolet here last week and demonstrated the latest in used car and truck reconditioning methods. A Chevrolet Model 5103 Cab-Over-Engine truck pulls the 24-foot aluminum trailer that carries the materials and equipment. The specially-designed tractor-trailer is one of a fleet of eight now traveling through Chevrolet sales regions.

ARTIST AUTHOR . . . Aldous Huxley, well-known author and philosopher, shows some of the paintings that he will enter in the "Hobby Art of Famous People" section of the California International Flower Show at Hollywood Park March 13-21 to Manfred Meyberg, general chairman of the show, and Kenneth Ross, director of the Los Angeles Department of Municipal Art, which is organizing the exhibit.

Coming Events

Tuesday, March 9—School Bond Election, Torrance Unified School District. Thursday and Friday, March 11-12—Torrance Herald Cooking School, Civic Auditorium. Tuesday, April 13—Municipal and primary election.

Preparations Under Way for Flower Show

Less than one month remains before the opening of the California International Flower Show at Hollywood Park in Inglewood March 13-21.

Already construction is well advanced. Thirty spectacular gardens are in preparation for the first floor as well as garden clubs exhibits, foreign nations, landscape architects and shopping center. The garden section will have 30 exhibits, ten more at any previous show.

More than 40 per cent additional space has been added on the second floor to accommodate the increased numbers of garden clubs exhibits, foreign nations, landscape architects and shopping center. The garden section will have 30 exhibits, ten more at any previous show.

Mobile Clinic For Used Cars Visits Paul's

An ultra-modern clinic for used car and truck reconditioning visited the Paul's Chevrolet dealership, 1640 Cabrillo Ave., last week, according to Dealer Paul Loranger.

The specially-designed Chevrolet tractor-trailer unit is one of a fleet of eight now traveling through Chevrolet's sales regions. They are a means of explaining and demonstrating to dealerships the use of the latest equipment, materials and methods in quality used car and truck reconditioning.

The 24-foot aluminum trailer of each unit is outfitted with the most complete set of equipment of its kind available—sufficient in itself to completely recondition a used car or truck. The equipment itself is mobile and is loaded and unloaded by a hydraulic lift tailgate on the trailer.

The clinic is under the direction of a regional reconditioning instructor who completed, in Detroit, the most comprehensive training course ever developed on the subject of reconditioning.

This service is made available by Chevrolet as another means of assisting dealerships in assuring buyers of the dependability and value of used vehicles they sell under the "OK"—the symbol of quality and integrity that has been the exclusive mark of Chevrolet dealers for more than 28 years, according to Loranger.

FIRST SUGAR FIELDS

First commercial sugar cane production in the New World was in Santo Domingo, where Negro slaves were imported to cultivate the fields.

CIVIL SERVICE

First steps to establish a system of federal civil service were undertaken in 1872 during the administration of President Ulysses S. Grant.

Churchill, as well as authors, stars of stage and screen and other notables. An innovation this year will be the Television Salon. Seven sets will be assembled in a central area with each set beamed to a different channel. Visitors will be able to see their favorite programs without need to identify Eisenhower, Winston

SMOOTH SAILING . . . Lovely Madelyn Whittinger, "Miss Malibu," will compete with 101 other girls from Southern California communities for the title "Miss 1954" in a beauty contest being sponsored by Maler Brewing Co. The winner will receive \$10,000 in cash. All of the 102 finalists will appear on TV and the public will vote to choose the winner.
