

**ROD and GUN CHATTER**

Torrance  
Rod and Gun Club

By DONNA BARKDULL  
Topping honors as far as women are concerned in the Torrance Rod and Gun is petite Anabel Coast, who qualified in the San Diego Yellowtail Derby with a 24 lb., 12 oz. lunker, which she "man-handled" on 15 lb. test monofilament. Her better-half (?), "Mr. Yellowtail of 1952," Anabel, tried desperately to outdo her, failing miserably. Using 72 lb. test line he boated a 30 lb. halibut. Nice size for a halibut, but there certainly wasn't much sense in putting up such a battle, considering the rope he was using for line. Al's yellowtail was of bait size, weighing somewhere around 9 lbs. Anabel also skunked the Yellowtail King at Crowley Lake. Among her trophy fish was a rainbow trout, measuring 18 1/2 inches, and a cut-throat trout going 21 1/2 inches. It's no wonder Al's lower lip is dragging.

Leon Smith, Carl Hanni, and Ray Hawks tried their luck off Seal Beach the other day. Plenty of small halibut and one sting ray, tipping the scales at 6 1/2 lbs., caught by Carl—just one half pound under button weight. Carl, who never says die, went back a couple of days later and caught his button sting ray.

**Tony's British Car Ramblings**

Those of you that have passed 700 Pacific Coast Highway, Hermosa Beach, and wondered what all the activity has been—why carpenters are sawing wood, painters painting madly—I want you to know that it is not for the coronation.

No, it's only getting ready for another great event. Yes, there's going to be the greatest foreign car service department on this coast, bar none.

This will be the place where you get service plus, whether you have an Austin or a Rolls, an M. G. or a Ferrari, you'll come away with satisfaction plus. It has been my good fortune to help make this possible, so why not drop in and see for yourself the future home of the finest service. But please watch the wet paint.

**"SPEED KILLED HER"**

"Susie is dead. To that motorist, in a terrific hurry, Susie was only a dog. To that little pup was the personification of loyalty, affection and gentleness.

"She was the unselfish playmate of my children, content to recover a ball, share honors with my daughter's dolls, merely cuddle in my husband's lap, or to sit at my feet and with blissful love in her eyes wait for a pat or kind word. Now, she is dead. Thoughtless speed killed her."

When you are driving, please remember this: you are the superior creature. God endowed you with intelligence and a conscience; an animal, dog, is inferior with an overabundance of love and faith. That animal does not reason; trusts that you, being superior, will not violate his faith in mankind. Susie would have cuddled in your arms, not hurt you. Where there is a dog, generally there is a child; either one or both may be in front of your car. Be careful of both. Be considerate.

Ralph Wilson, Escondido, Calif., had this request and asked me to write an article about it.

weighing 67 1/2 lbs. He was so proud, he wanted everyone to see and smell, for smell it did. He hid the monster to rest on the Ben Smith's back steps, where it lay undisturbed for two days. Gads! What an odor! Helen and Ben, by the way, were braving the cold at Arrowhead with Roy Smith, Claudia Smith (Jr. member), and Timmy sized trout.

Local boy makes good, or at least the television screen. Wilson Woodburn, a prospective member, went on a private charter out of San Diego last Sunday. He battled viciously and finally brought to gaff a white sea bass weighing 49 lbs., 9 oz. on 10 lb. test monofilament.

register in the Sportsman Association Derby in Los Angeles, where you must bring your catch in bodily to one of their weigh-in stores. Anyway, he still won the weekly prize of that derby and the television show, "Fishing Tips," on Thursday nights had the old boy up there telling the public just how he accomplished his feat. Woody was real good on the program; you couldn't tell him from a professional. (Credit—public speaking course at night school. Excellent reports came Tues-

day of yellowtail off local shores. Club members Paul and Marcela Smith, Bud Anderson, Roy Smith, and Carl Hanni went Wednesday, but the schools had vanished. However they did bring back six white sea bass, topping 26 lbs., 15 oz., caught by Paul, four halibut ranging from 18 lbs. six log barriers, 10 lbs. and under, and one sun fish. Quite a variety!

and Fred bagged the remaining three he needed last week on a hog farm in Ontario. That's a new twist. Hog crows? What next?

A new member taken among the folds at the last meeting was Charles Allen. Chuck operates a short wave and has been faithful with his everyday fishing reports. Certainly is appreciated. Now we all may have first hand reports.

A meeting of the Torrance Rod and Gun will be held Monday night, June 8th, McMaster Park at 8 p.m. Visitors are always welcomed.
