News and Notes
from the office of
CONGRESSMAN CECIL R. KING

Tax Exemptions Sought
The 17th District's Congressional Office is being flooded with letters as a result of Congressman King's request for the views of his constituents on tax matters that are currently under review by his Ways and Means Committee.

A preponderance of the mail has requested consideration for higher exemptions which would give relief to those who need it most—the taxpayers in the lower income tax brackets.

Armed with this "grass roots" demand, Congressman King has introduced legislation which would increase the personal income tax exemption from \$600 to \$1000 for each taxpayer and the same additional exemption for the spouse. The bill also provides additional exemptions for those over 65 and the blind and would increase the dependency allowance from \$600 to \$700.

On introducing this legislation, King declared that past experience shows that a readjustment of high tax rates can, and inevitably does, lead to increased productivity and higher national income.

Congressman King pointed out that although the economic indications are holding steady to a high tax rates can, and inevitably does, lead to increased productivity and higher national income.

Land Grab Hit
Hearings are presently being held on a bill that has been introduced in the House and Senate known as the "Stockmen's Bill," which purports to be for the improvement and development of the public lands. From virtually every Westerner's interest, except the big cattlemen, there is no improvement and development to be found in the bill. In effect the proposed legislation would not only abandon our settled policy of protecting government land against overgrazing, but would abandon much of the land itself.

VA Hospital Cuts Hit
Hundreds of letters and telegrams have been flooding the 17th District office protesting the recent cutting by the House of Representatives of ten million dollars from the Veterans Administration budget for the care of sick veterans and the necessary hospital beds.

Congressman King was one of those who vigorously opposed this legislation as unsound, and issued the following statement: "I am deeply concerned with this very serious matter, particularly in our own state of California which has attracted so many of our country's veterans and their families from other states in recent years. I am strongly in favor of cutting expenses and living within our budget,—but certainly not at the expense of men and women who have suffered disabilities in defense of our country. The members of Congress who voted against this amendment have defaulted on their commitment to veterans with service-connected disabilities."

Washington Briefs
Recent visitors from the 17th District were: Mr. and Mrs. E. S. Fink of Inglewood; Mr. and Mrs. S. L. Kuykendall, Mr. Paul Hiller, Mr. J. A. Robinson and Mr. and Mrs. Fred Healy, all of San Pedro; Mr. and Mrs. I. H. Hawkins of Redondo Beach; Mr. and Mrs. Lynn H. Taylor of Los Angeles; Mr. Wallace Braden of Hermosa Beach and Mr. and Mrs. Tom B. Carvey Jr. of Palos Verdes Estates. Mrs. Garvin of Gardena was also a recent visitor and a witness to the unveiling of a statue in the Capitol's Statuary Hall of Dr. Marcus Whitman, Oregon missionary and pioneer. Mrs. Garvin's maiden name is Whitman and she is a direct descendant of the famous Oregonian, California's triple jet ace, Capt. Joseph McConnell and his wife were also recent visitors in the Nation's Capitol, having lunch with Congressman King and other members of the California delegation.

Truck Broadside Car After Brake Failure

Brake failure caused a truck being driven by Alexander Quitman, 31, of Compton, to run through a boulevard stop and broadside the car of Bonnie Nadene Tender, of 3208 W. 188th St., early Monday morning.

The accident occurred at the intersection of 182nd St. and Crenshaw Blvd. There were no injuries, and both cars were driven off by their owners.
