

Council Approves Maps For 92 New Homes Here

Tract maps for 92 new homes at Hawthorne Ave. and 226th St. were approved by the City Council Tuesday evening. Submitted by Harbor Homes Inc., the maps call for the construction of homes ranging in size from 10,086 square feet to 11,000 square feet. The tract was approved by the Council subject to the installation of sanitary sewers.

Bottle of Aspirin No Good for Headache

An aspirin may be good for a headache—but not 26 of 'em. Mrs. Dan Turner, of 3627 Crickwood, was rushed to Harbor General Hospital early Tuesday morning after a friend called Torrance police to say she had taken 26 aspirin tablets. After a session with a stomach pump Mrs. Turner was reported "out of danger."

THAT THEY MIGHT SEE... Lions Club members, standing, Sam Van Wagner, Mill Pagel, H. J. Osborne, Paul Diamond, Pete Radisch, and, seated, Roy Peterson, Ruel Moulton, and Walter Inman, show a few of the 10,000 miniature white canes

which they will give to Torrance residents who donate to the Lions' sight conservation program on Sept. 19, "White Cane Day." Proceeds will go to finance treatments for the blind. (Photo by Photo Arts)

White Cane Day Set by Lions To Raise Funds

Miniature white canes, symbolic of the blind, will be sold by members of the Torrance Lions Club here on Friday and Saturday Sept. 18 and 19, it was announced yesterday by Club President Roy Peterson. Organized under the general chairmanship of Lions Abe Robinson and Ruel Moulton, the

sale will be the means used by the Lions to raise funds for their work in sight saving throughout the Torrance area, Peterson said.

The two chairmen predicted yesterday that more than 10,000 canes would find their way to Torrance lapels during the two-day campaign.

Funds Used Here
All contributions will be used for providing funds for the sight conservation and blind committee of the local Lions Club, according to Past President Paul Diamond.

The fund is used to purchase canes, typewriters, both Braille and regular, Braille watches, radios, Seeing-Eye dogs, recreational activities, medical and nursing care, and other aids to the blind and for those with subnormal sight.

Visual surveys in all Torrance schools is made annually by school officials and the local service club is instrumental in providing eye care for a number of students who might otherwise be forced to do without the treatments.

Lionesses, auxiliary group made of Lions' wives and other groups such as Little Leaguers, boys and girls organizations have volunteered to help in the drive during the two-day sale, Peterson said.

... Chace

(Continued from Page 1)
will be closed, there is some speculation that he will open an office here. His deputy said yesterday that no decision about an office here had been made.

May Be Good
Local officials viewed the splitting of Torrance between the two supervisors as a good thing. With two representatives on the County Board of Supervisors looking out for Torrance, the needs of the area should receive proper attention, some stated.

Supervisor Chace expressed his regret at losing part of Torrance. However, the re-arranging will make Chace's district the largest as far as registered voter location is concerned. Chace will now have 533,811 voters in his district as compared with 637,197 he formerly had.

Burglars Sack Another North Torrance House

Robert R. Moore, of 2141 W. 178th St., told Torrance police he found his house ransacked when he returned to it Sunday morning. He said that the burglar took an undisclosed amount of money, some jewelry, a cigaret lighter, and an electric razor. Police said the house was entered by prying off the bolt lock on the kitchen door.

GLASS MIXTURE
Glass is made from sand mixed with soda and lime.

Labor Contracts Go to Employers Group for Change

Negotiations now are in progress on five labor contracts affecting merchants of the Harbor Area, according to Frank S. Selover, executive secretary of the Harbor Area Employers' Council, which is representing the employers in talks with the unions.

Preliminary meetings were held Tuesday with representatives of Retail Clerks Local 905 on the retail bakery and retail shoe agreements.

The union is asking a wage increase of \$4 a week on the bakery contract, making the wage \$55 for 40 hours. On the shoe contract, the union is asking a guarantee of \$100 per week for managers, an increase of \$18 per week, and \$22.50 per week for salesmen, an increase of \$7.50 per week.

Both of these demands were promptly rejected by the employers who are holding out for no increase this year in view of economic conditions.

An employers' conference on the food and liquor agreements with Local 905 was held Tuesday night, but no proposals have been exchanged.

Conferences are being arranged on the Radio, Electronics, and Television agreement with International Brotherhood of Electrical Workers, Local 11, AFL, which union respected its agreement.

Selover said that Butchers Local No. 551 decided to pass the wage reopening of that contract this year.

All of the above contracts have Nov. 1 expiration dates except the shoe agreement, which expires Sept. 26.

... Schools

(Continued from Page 1)
cards are not at the area designated will report to the lobby of the auditorium Malm said.

All new students who have not had programs arranged, will report directly to the auditorium for conference on Monday morning.

Civitan Veep To Speak Here

George West of Pasadena, international vice-president of Civitan International, will be guest speaker at the Torrance Civitan Club meeting tonight at Ding How Cafe, Frank S. Selover, temporary chairman, announced this week.

West is coming here with James P. Creech, president of the Los Angeles Civitan Club, which will have a delegation at the session tonight. Included will be Lt. Gov. Clyde Potter. Other officials scheduled to participate in the meeting of the

local club, which is about to be chartered, is Gov. Elect Al Moore of San Pedro.
