DELIGHT THE FAMILY WITH BURGUNDY BAKED HAM!

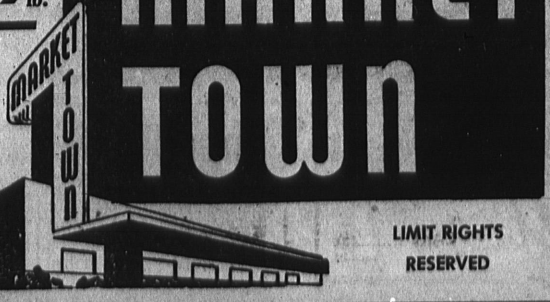

TRY THIS EASY RECIPE  
Leave rind on ham. Put on rack, fat side up, in shallow roasting pan. Bake uncovered in slow oven, 325° F.  
Allow about 25 minutes per pound for half a ham.  
About 45 minutes before ham is done remove from oven and pour off drippings. Cut off rind and cut diamond pattern in layer of fat on ham.  
Mix 2 cups brown sugar with enough Burgundy wine to make a thin paste. Spread over ham. Press clove in center of each diamond. Finish baking, occasionally dip up glaze in pan and drizzle over ham. Serve with scalloped potatoes.

**Letters To The Editor**  
Former THS Girl Student Says Little Modesty on Beaches  
Editor:  
In regards to your article on the "Girls Showering Program" at Torrance High School, and as a graduate of THIS Class '50, I find myself prompted to put in my two cents worth.  
Your cartoon showed clearly how little modesty we find on the beaches. And yet when these same girls are in school, they suddenly become shy, especially when they have to do something against their wishes.  
It is both sanitary and ethical that showers be a definite part of the Physical Education program.  
From what I gather, some of the objections are from some of the girls who are allergic to soap and water. For these girls it is an excellent idea, and may develop the habit of cleanliness.  
The showering facilities may not at this time be sufficient to the number of students in the school, and until the new high school is built, they will be somewhat over crowded. This is the only true complaint from the students that I can see. Torrance did the best it could about that by remodeling the gym this year.  
The practice of mass showering is not new to most school systems, as it is practiced in many parts of the country. Also the government seems to approve, as most branches of the service, both male and female use this type of showering.  
WILMA D. SPECK
