When Jesus was upon the earth the ancients believed 'demons' and 'unclean spirit's caused our ills. Today we name the causes gerns' and 'microbes' and 'bacilli. The ancients and we both believe that only a Great Power for good' can make men well and drive out these evil things. Our hats are off to the physicians, surgeons, nurses and all the wonderful. healing fratemity. They have done nuch. They are God's assistants. But they would be the first to join with the Pealmist of old that it is God "who healeth all my disease."

The Son of God was the normal individual. His thoughts and feelings led to beautiful living. We must spend time in His company and catch from Him the strength we need. We may find Him in the little church on the dorner. Have you tried? Though we have many ills of body, unrighteousness is our greatest sickness. God now has mil-lions of highly trained helpers and they are at work in hospital rooms and elsewhere all over the world, but "It Takes God Every Time."
