HOW TO STOP INFECTION TOPIC OF TUESDAY TALK

"Stopping Infections in their Tracks" will be discussed by Adelle, Davis, author and consulting nutritionist, when she gives the third in a series of free lectures at the Torrance Elementary School Auditorium next Tuesday evening, 7:30 to 9:30 o'clock.

According to the registration chairman, Mrs. G. Runsted, not only residents of Torrance but many from surrounding communities are availing themselves of the opportunity of attending the nutrition lectures. Three more lectures in addition to next Tuesday's will be given, she said.

These lectures are offered free by the Torrance School of Adult Education under the sponsorship of Torrance Council PTA. Child care is available at each meeting, Mrs. Runsted said.

Our Community Chest is noble in concept; its agencies are those to which we hearily endorse and willingly subscribe. The men and women who come to our door are neighbors and friends; their compensation is civic appreciation. For every dollar we

To lend our financial sup-port to such laudible efforts is to get in step with all of the participating agencies.

Without Community Chest we could and would give to each separate cause; with Community Chest we give ONCE and reach all of them.

Make out your check for the total you would give, individually. Have it ready for your neighbor; he's giving his time. Help to conserve it. That's appreciation,
