

### Dealer Reviews '54 Truck Line

Paul Loranger of Paul's Chevrolet returned recently from a private review of the new 1954 Chevrolet trucks.

The exhibit and accompanying business session were sponsored by the company for all retail dealers and salesmen in this area and emphasized the importance Chevrolet is attaching to its soon-to-be-announced new truck line.

The meeting was somewhat without precedent in our experience because it was devoted exclusively to new truck models, said Loranger. "The reason soon became clear. The 1954 line contains so many new features that even a review of high spots required considerable time."

"Not only will Chevrolet have more to offer the truck user in 1954, but it will expand the forces behind its selling. Included is an expanded advertising program."

Loranger said he plans to arrange a special showing of the new line in his dealership when the trucks become available for display later this month. It is one of the few times in history that Chevrolet has exhibited new trucks apart from new car models.

Despite the fact that it was Friday the 13th, the Torrance High School homecoming game and dance turned out to be a great success Friday night. A good many people deserve credit for a job well done.

The PTA mothers deserve a lot of credit for their very fine work in running the concession stand at the home football games. The student council receives half the profits from the five home games and the other half goes to the PTA.

It's really great to once again see Nancy Humphreys back at school with her many friends. Nancy put up a great fight against polio and is again enjoying good health.

Tomorrow night's game with St. Anthony has been cancelled. We will instead play Loyola High School Wednesday, and we hope to add another win to our record. We're expecting a real big crowd from Torrance for our last game. Don't let us down.

Saturday night is the big night! The Bay League dance will be held at El Camino College. The biggest moment is the evening will be the announcement of the boys who have made All Bay League.

It seems as though a new

### Final LA OK Due On Allocation To Bixby Slough

Final approval of a Los Angeles allocation of \$100,000 to purchase Bixby Slough land for park use is due next week.

The Los Angeles City Council passed the motion for the allocation at the first reading Monday. The money will be used along with \$100,000 from the State Wildlife Commission and \$50,000 to acquire about 220 acres of slough land not now in public ownership.

An equal area is already owned by public agencies. When the land is acquired and drained, the area will be converted into a huge regional park.

Plans for an \$800,000 drain for the slough are receiving a final check by the County Flood Control District and a call for bids is due early next year.

The Los Angeles Bureau of Land and Right-of-Way has been authorized to begin negotiations to acquire the slough property, which included a dump at the southwest corner of the slough.
