

TORRANCE HERALD

NOTICE IS HEREBY GIVEN that sealed proposals will be received in the office of the City Clerk, City Hall, Torrance, California, until 9:00 a.m. on Tuesday, June 3, 1954, for furnishing the following materials: Gasoline and Diesel Fuel for the fiscal year 1954-55. The estimated amount of gasoline which will be required by said City during such period, is 250,000 to 350,000 gallons. Diesel fuel, which will be required by said City during such period, is 50,000 to 75,000 gallons. Bidders shall state the unit price per gallon, which will be charged for such gasoline and Diesel fuel. Bidders shall state the brand or brands, qualities or grades of the gasoline and Diesel fuel proposed to be furnished by such bidders. All deliveries of such gasoline and Diesel fuel to be furnished

must be made F.O.B. to the City Yard, or such station as may be designated by the City Council. The attention of all bidders is specifically directed to all laws of the State of California having any reference to either the bidding or the furnishing of such products. The City Council reserves the right to reject any and all bids. Bidders may bid on one or both of the above items. This notice is given pursuant to order of the City Council of said City, dated at Torrance, California, this 25th day of May, 1954. GEORGE W. STEVENS, City Manager. SW—May 30, June 3, 1954. TERM DEFINED. Cincinnati (SF)—Sensitivity in radio is a term used to define the degree to which a radio receiving set responds to signals of the frequency to which it is tuned.
