

**OFFICIALS CONFER . . .** Rev. Paul Wenske, right, pastor of the First Lutheran Church, checks schedules with Professor Lloyd S. Todd, recently appointed minister of music for the church.

## Professor Takes Church Position

Assuming the position of Minister of Music for the First Lutheran Church this week was Professor Lloyd S. Todd, who completed his music education at the University of Southern California and has gained Southland fame as the conductor of the noted "Choralaires," outstanding women's professional choir.

The appointment of Todd to take over the music of the church was announced here this week by Rev. Paul Wenske, pastor of the church.

A schedule of choir practices has been announced at the church and work toward presentation of a sacred concert has been started, according to Todd. He plans to build the choirs of the church into groups which will bring attention to the church and the community, he said.

Mrs. Todd, well known vocalist and past president of the Cecilia Singers, will assist her husband in the music program of the church. Regular choir practice will be held for the youth choirs and the Sanctuary Choir on Thursday evenings, he said.

### Hollypark Gate No. 1

To Reopen Saturday  
Hollywood Parks Gate 1, now being relocated and enlarged, will be open for use Saturday, General Manager James D. Stewart announced this week.

The gate is at Prairie Ave. near Manchester Blvd. at the northwest corner of the Hollywood Park parking lot. It is being widened from 10 to 11 lanes and placed 100 feet north of the former gate.

It is one of nine entrances to the track's parking lots which hold 30,000 cars. Most of the entrance gates are 10 lanes wide to facilitate the handling of traffic on peak days when approximately 50,000 fans attend the races.

**MOST MOSLEMS**  
Indonesia has the greatest number of Moslems in the world.

## Revivals at Tent Church In 3rd Week

Revival services at the Big Canvas Cathedral at Arlington Ave. and Sepulveda Blvd. went into their third week this week with a number of churches from the South Bay area and from Long Beach participating, according to the Rev. James P. Lowen, pastor of the Foursquare Church, which is sponsoring the revival.

Topics under discussion this week by Evangelist C. L. Musgrove are "Demons are Subject Unto Us," "Destroying the Works of the Devil," "Scriptural Methods of Divine Healing," and "Paul's Thorn in the Flesh." A Children's Jubilee is scheduled to be held Saturday morning at 10 o'clock featuring magic acts and a colored, sound film. Admission will be free.

On Sunday evening, a factual film on the subject "Behind the Iron Curtain" will be shown. Dr. Musgrove visited the Iron Curtain countries on a recent trip to Berlin.

Meetings are held each evening at 7:30 o'clock.

## Sunday Topic For Lesson Sermon Given

The knowledge of the glory of God reveals His all-embracing and unchanging love for mankind declares the Sunday Lesson Sermon on "Christian Science" in all Church of Christ, Scientist.

The Golden Text is from Isaiah:

"Awake, awake; put on thy strength, O Zion; put on thy beautiful garments, O Jerusalem, the holy city" (32:1).  
A Bible selection from Habakkuk reads, "The Lord answered me, and said, Write the vision, and make it plain upon tables, that he may run that readeth it. . . though it tarry, wait for it; because it will surely come, it will not tarry. . . For the earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea" (2:2, 3:14).

Mary Baker Eddy writes in the Christian Science textbook, "Science and Health with Key to the Scriptures": "The proof that the system stated in this book is Christianly scientific resides in the good this system accomplishes, for it cures on a divine demonstrable Principle which all may understand" (p. 546).

**RIGHT COMBINATION . . .** F. C. Manning, of 1959 Reynosa Dr., twirls the knobs on his new Easy gas automatic clothes dryer, which was presented him by Strum's Department Store, 1261 Sartori Ave. Manning was the winner in a customer contest held at the store this week.

## Archie's Market Installs New Cooler Display Cases

Archie Ness has installed a modern refrigerated display case for vegetables and fruits in his market at 1617 Cabrillo Ave. This answer to the housewife's dream is the newest convenience from Frederics Refrigeration of Texas. Archie has two of these coolers placed back to back at the very front of the store. They are 11 feet in length and three feet, four inches in width. These cases, which are priced at \$4000 each, have increased his refrigeration space to 28 feet. Ness believes that the installation of the coolers should at least double the patronage of his market.

**Temperature Control**  
The outstanding item of this device is the temperature control system. At all times the thermostat maintains a 38-degree level. This is the temperature that has been proven most ideal for keeping fruit and vegetables from losing their vitamins.

Ness, who buys most of his produce from the surrounding area, has it under constant refrigeration all the time. As soon as it comes off the truck, it is washed and put into a giant cooler in the rear of the store.

When time comes to put it up for sale, it is carried to the front of the store and placed in a drawer beneath the display case, which is also held at the correct temperature. From there it is transferred to the top and is ready for the prospective shopper.

Therefore, when the housewife does her shopping, she has the choice of fresh fruit and vegetables, just as though she were picking them herself. Another added feature of this unit, is in the form of a stainless steel strip that is around the top of the case. It is heated from within, to prevent the lady of the house from chilling herself when she leans over to select her items.

## Dr. Anderson Attends San Diego Convention

Dr. Walter H. Anderson, who is associated with Dr. Rollin R. Smith in the Harbor Animal Hospital, attended the opening sessions Monday of the 68th annual convention of California State Veterinary Medical Association. The conclave ended yesterday.

## Alter Opens Lucky 13th

The opening of two new branch offices of the Alter Realty and Insurance Corporation of Torrance has been announced by Gerald L. Alter, president.

What Alter termed the "lucky 13th office" will be located in Sunset Beach, while Office No. 14 will be in Redondo Beach.

The Sunset Beach office will be managed by Nels Thompson, formerly with the Pacific Ave. Long Beach branch. Frank M. Grandin, a newcomer to the Alter Corporation, will manage the Redondo Beach office. He will be assisted by Robert McLean, formerly of the Hermosa Beach branch.

The appointment of Helene Miller, formerly with the Torrance Blvd. branch, as new manager of the Lomita office was announced at the same time. She will replace Vernon Vance, who is leaving the state.

LIFE AUTO FIRE

what price peace of mind?

When you go on a trip the folks back home would like to know you arrived safely. And you'll feel better knowing everything's all right with them.

You accomplish both . . . easily, speedily, economically, . . . when you telephone. The cost of a Long Distance call is a small price to pay for the peace of mind it guarantees at both ends.

Always call home when you're away.
