Forecast for Fall

Design Suits for Breathing Without Popping Buttons

No matter how hot the weather, now's the time the style-conscious woman will lend her attention to what she will be wearing come the crisp, cool days of fall.

Most likely, her basic wardrobe will include one of the new semi-fitted suits like those designed by Adele Simpson, who has adopted as her fall fashion platform freedom from restraint, freedom from fussiness, and freedom from alterations.

The new suits, a metropolitan newspaper reported this week, are carefully shaped to give a smooth, supple line but allow the wearer room to take a deep breath without popping a button.

Jackets of the new ensembles are fitted in front, straight in back, and sometimes have a half-belt at the jacket hem in back. They are cut with room for easy walking. Collars are wide and often open. Colors start with the basic grays and browns and include a rainbow of vivid colors.

The "princess back" silhouette is another new note in the Simpson fall line-up, being shown in afternoon and cocktail gowns featuring a waistline dipped in back, with side skirt fullness. One of the most spectacular of these is in celadon green satin — a pastel so pale it looks silvery.

Parnis, Mamie Eisenhower's favorite dressmaker, accents "the shape" in a collection notable for beauty of line and richness of fabric. She introduces the "censored neckline," a device women not to look "overdressed by mistake," and highlights a series of "triple alliance costumes."

They consist of matching jumper, blouse, and dress but look like a one-piece jacket which almost a complete wardrobe with the "on again, off again" jacket technique.

A TRIP TO THE WONDERLAND of the past was enjoyed by BROWNIE TROOP 1595 last week.

The girls explored the vast interior of the Los Angeles Museum, accompanied by their leaders, Mmes. Phyllis Cunningham and Audrey Richter.

COOKING IN THE OCEAN BREEZE over an open fire highlighted the week's activities for SENIOR TROOP 1588. Girls and their dates, chaperoned by Mrs. Helen Wilson, enjoyed cheeseburgers and all the trimmings and rounded out the evening with games.

Attending were Sonja Wilson, Mary L. Crews, Helen Crews, Katherine and Jeanne Swift, Barbara Ecker, Reva Adickson, and a guest from Rice Lake, Wis., Miss Geraldine Cleveland.

THE NORTH TORRANCE AREA has made the best response in the current drive against Harbor Section Girl Scouts to help the Torrance Scout Center, Inc. It was reported at a meeting of the section PUBLIC RELATIONS CHAIRMEN at the 3207 W. 186th St., home of Mrs. Earl Brest Tuesday.

The area has donated over \$200 to the campaign. Other business highlights of the day included a discussion of the Red Feather Kid for Communist Chest. A Scout will be chosen to represent the Harbor Section for the purpose of the educational program during the campaign.

The group will hold its next meeting on Aug. 31 at the Brest home to discuss fall activities. Among chairmen present were Mmes. P. M. Crossman, Torrance; Frank Walton, Gardena; and Frances Foot, San Pedro. Scouts Marion and Beverly Foot and Karen Crossman helped serve the luncheon.

AN INTERMEDIATE GIRL SCOUT LEADERS course will begin in Torrance on Aug. 17 and continue through Aug. 20, 25, 27, and 31, with Mrs. E. T. English of Seaside Ranchos and Mrs. Cecilia Evans of Gardena as instructors.

THE next board meeting will be held at the home of Mrs. O. O. Gray, 940 Ronam St. in Wilmington.

Robert Payne took over the president's gavel of the North Torrance Branch of the California Fuchsia Society last Tuesday when the club met at McMaster Hall.

Assisting the new president, who succeeds Mrs. J. R. Allison, vice-president; Mrs. Robert D. Richter, treasurer; Mrs. Harry A. York, secretary; Clarence DeCamp, state delegate; and Mrs. Walter Metz, alternate delegate.

Mrs. Elsa Stone, state delegate for this past year, reported on the convention held at Hollywood in June. She announced that the California Fuchsia Society will hold its annual flower show at Hollywood Park July 31 and Aug. 1. The public is invited to attend this show, which promises to be one of the outstanding events of the season, she said.

Program highlight of the evening was a talk by Joe Littlefield, prominent horticulturist and author of radio and television fairs, who spoke on insulating garden and lawns against summer heat.

Peat moss should be added to flower beds now to form a protective mulch, he said, and the same material mixed with organic fertilizer should be raked into lawns to insulate them against summer heat. The peat moss holds moisture and prevents sun damage of grass and flower roots, he said.

Littlefield also discussed the gardeners' nightmare, pests and weeds, and advised how to control these two threats to a garden.
