

Purse Snatchers Get \$12 From Fair Booth

Two women had their purses taken at the Torrance Community Fair Wednesday night, according to Police Chief Willard Maslam.

The women were working on the North Torrance Civic Improvement Assn. booth, and had laid their purses down in the booth. They were taken, and later found in the weeds nearby. Missing from one purse was \$12, while the other purse contained 40 cents.

Supply Head To See Plant

Brig. Gen. John B. Medaris, chief of the industrial division office, chief of ordnance, will visit the National Supply Co. plant in Torrance tomorrow in the course of an inspection tour of the West Coast defense installations.

He will be accompanied by Lt. Col. J. E. Johnston, deputy district chief of the Los Angeles Ordnance District, the agency which has jurisdiction over ordnance contracts in the area.

The only producer of guns on the West Coast, the National Supply Company is generally considered to be the largest integrated machinery manufacturing plant in the West.

North Torrance Residents Cut Capers at Gala Inaugural Ball

By VERA C. WRIGHT FR 2-2388

With so much activity last week I forgot to mention the July 30 NTCIA dance which Mr. Wright and I attended. Fashionable femmes that I chanced to glimpse on the dance floor included Ethel Runsted with a sporty maroon dress and lovely white pumps to match, Jan Beeson captured everyone's eye with her beautiful hand-painted nose dress and rhinestones to set off that golden tan of hers, while hubby Clint set off quite a figure doing what he termed "be-hop!" Irving Winther and Bill Wright with their yellow and hibiscus flowered shirts were without a doubt wearing the prettiest as well as the loudest shirts. Carol Winther and her committee should be commended for the superb job of decorating McMaster Hall for the dance. Although Victor Winther claims

he doesn't dance, he wasn't playing tiddly winks. Yes, indeed, the "Inaugural Ball" provided fun for all.

Audrey Herring, of 18312 Roslin Ave., hosted an afternoon of games which proved to be quite different and certainly stimulated our afternoon. Admission fee consisted of 50 cents worth of canned goods which will be donated to the El Nido PTA at the end of the summer for their carnival. This is the first of many such activities which will be put on before the end of summer by this fine group.

All our love and sincere sympathy is extended to Mr. and Mrs. John Ahrensmeier and daughter Sandy, of 4180 W. 173rd St., on their recent family misfortune. The incident saddened many, many hearts in our community.

ever seen and they, along with many other finely made articles, are proudly displayed in the Francis mansion. Landscaping is another hobby of his. This can be ascertained by peering into his yard. July was a busy month for the active Francis family, who celebrated Kathleen's eleventh birthday by trying out all the rides at the Long Beach Pike. Kathleen was accompanied by her sister, Rosemary and mother. She ended up her birthday celebration by swimming in the Long Beach Plunge and enjoyed lunch in their glassed-in patio. Whew! Makes me tired just writing all this activity down!

Mr. and Mrs. Frank Scout, 17305 Prairie Ave., just returned from a two-week vacation to Oklahoma. Others enjoying this trip were the four little Scouts, Dennis, Barbara, Donna and Sharon.

The Ashby family, of 18320 Regina St., are proudly welcoming neighbors in to inspect their brand new garage which contains a special little workshop for papa Ashby.

Family travel still heads the activities of Northwest Torrance residents as proven by Mr. and Mrs. Vincent Mazzaro, of 18524 Hawthorne Ave., who met their mother Mrs. Angelina Mazzaro at the Inglewood airport as she arrived from Chicago, Ill., then proceeded on to Northern California. Listening to their cute youngsters, Babette and Roland, relate the many scenic spots they were to visit, their itinerary sounded like a storybook.

Mr. and Mrs. R. F. Donner, of 17311 Prairie Ave., just bid farewell to their mother and dad. Mr. and Mrs. M. A. Gable of Akron, O., who had been vacationing with them since June, family from becoming too lonely some were Tommy and Jimmy Cooper of Gramercy Ave., who together with the Donner boys set up a tent in the backyard for a good, old-fashioned camping trip.

Mr. and Mrs. G. Ware of 17217 Prairie Ave. are very proud of their eight-year-old son, Butchie, who has the mumps. Although mumps can become a nuisance in the Ware household they mean a very peaceful indoor vacation.

Though summertime is vacation time to most of us, not so for Paul Francis of 18513 Regina St., who claims it to be his hobby time. You should see him shaping up those driftwood lamps. They are the most beautiful driftwood objects I have

Kings Canyon National Park, Cedar Grove to be exact, was the fun spot selected by the Philo Mellor family when they left their 18249 Ashley Ave. home last weekend to catch some trout. They ended up with 40 fish. Little Gary very proudly displayed two trout which he caught on his first fishing trip!

Many pretty articles are being made by members of the Alpha Society for their bazaar which will be held in September. This fine group just recently held a bake sale and turned all their proceeds in to their church building fund.

Ran into Herma Tillim at the August NTCIA meeting and she mentioned that the mention of her name in this column perked her up and she felt much better, so I hope this will help keep her out of bed, except at night time, to enjoy good health at 16914 Osage St.

Happiest girl in town is Agnes Verris, of 4234 W. 21st St., whose mother-in-law has moved in with her. Agnes exclaims: "Gee, it's great to come home from work and have dinner served to you!" Lucky gal!

The M. L. Carrizosa family, of 18445 Amie St., have devoted their entire summer to pure family fun. Gardening, theater, parties, and reading are among the many things which the entire family have consented to do together.
