

## Woman Hurlled to Pavement, Driver Injured in Mishaps

Two persons escaped injury in a pair of traffic mishaps, Thursday.

Receiving minor cuts and bruises when she fell from a car rounding a corner was Kathy Arnold, 25, of 4727 Highgrove Ave. She told Torrance Traffic Officer Don Nash that she was a passenger in a car driven by Mary O. Kastrop, 36, of Harbor City.

Reports show the auto was

headed east on Pacific Coast Hwy., and turned left onto Hawthorne Ave. A door flew open, tossing the victim to the pavement. She was treated at Torrance Medical Center.

Suffering minor injuries when the vehicle he was driving crashed into the rear of another was Leland A. Svard, 41, of 24337 Lucille Ave. He told police the early morning sun blinded him, and he piled into a car stopped near 190th St. and Prairie Ave.

Driving the other auto was Clifford Monroe, 46, of 2336 Loma Blvd., records show.

### Bill Welsh on Popular TV Show from Roth's

KITV's "Star Shopper" television show featuring Bill Welsh was telecast directly from Roth's Market, 1321 Post Ave., this morning on Channel 11.

The stars of the half hour show were the shoppers themselves. Valuable merchandise along with free groceries were awarded to lucky shoppers of the day.

### PICK-POCKET TAKES WALLET, ID PAPERS

A pick-pocket made off with a red leather wallet containing about \$9 in cash, and her operator's license, Mrs. Bonnie A. Netter, of 23028 Meyler Ave., told Torrance Police, Thursday.

## Last of Summer Company Leaves, As Vacationers Return to Jobs

By VERA C. WRIGHT Fr. 2-2288

Mr. and Mrs. M. S. Bellamy of Akron, O., have been having the time of their lives while vacationing with their daughter, Mrs. Henry Wagner, of 18226 Tornburgh Ave. What could compare with the dinner party that Mrs. Wagner feted them with while here?

The gay musical, "Peter Pan," has been attracting many of our friends and neighbors and among the latest party group to view the amusing spectacle were Mrs. John W. Arensmeyer, her daughter Sandy (a very, very pretty young lady), and Mrs. A. Wercolls, Sandy's grandmother.

Persons ringing the Kenneth McVey doorbell, 3825 W. 176th St., have forgotten that Mother Naomi, with young Julianne and David, are accompanying their grandparents, Mr. and Mrs. John Ferguson from Tucson, Ariz., on their trek to Missouri and Oklahoma where the youngsters

can get reacquainted with their grandparents. They are due to return on the fourth of October, much to their neighbor's delight.

Mr. and Mrs. George Schomaker of Weeping Water, Neb., found both their daughters' homes ideal vacation spots. That of L.L. and Mrs. Abbott Gott, in Santa Ana and Mr. and Mrs. Delno Hart, at 4247 W. 181st St. Both girls had anticipated the visit with eagerness and delight all summer long and were provided with an added surprise with the appearance of their aunt, Mrs. Lee Howe, of Omaha, who accompanied the Schomakers on their trip. A picnic at the Gott homestead, Santa Ana, put the finishing touch on their fun-filled holiday.

It was fun talking to Mrs. John Metzler, of 3904 W. 182nd St., for she and her husband have lived in the community since the total amount of homes in North Torrance could be counted within the span of the

couple's hands. Special wishes are being extended to John Metzler who is in the recuperative stages after having been operated on.

Mr. and Mrs. K. P. Meyers are busily sending out cards to all their friends notifying them of their change of address. It is now 4330 W. 180th St. Shall we all write to them?

That happy Davis family has once again managed to add more happiness within their four walls. First they were surprised by their son, his wife and daughter, the Arthur Baumans who spent an enjoyable month with them. Second, they received an announcement that their niece and her husband have become parents of a baby boy. The new parents are Mr. and Mrs. Joe L. Davis, who are residing with Mr. and Mrs. Earl Nichols. Mrs. Nichols is the only daughter in the Davis household.

The energetic R. W. Baillie's are at it again! Yes, after returning from their week's vacation which was spent at Palomar Mountain clearing up their camp site so that next year they can begin building their cabin, they accompanied 16 girls from Girl Scout Troop 867 to Griffith Park, to help them procure their second class rating. Mr. and Mrs. Donald Barre, Mrs. J. W. Arensmeyer, and Hoppy Baillie were others who were interested in marking trails and recognizing trail marks. The entire group visited the zoo and ended their day with a picnic lunch. This Perry P.T.A. sponsored group is a very active one, incidentally.

If there's anyone happier than 13-year-old Ronnie Young of 4227 W. 174th St., we would like to know who that person is. Wouldn't you be, if your mother who had just been operated on had arrived home from the Hawthorne Community Hospital fit as a fiddle, as his mother, Mrs. Evelyn Young, did? Best wishes to you, Mrs. Young.

Attractive couple Mr. and Mrs. William Ament, with their son, Billy, of 4203 W. 170th St., just arrived back from their vacation trip to Yosemite where they met their daughter and her family. Mr. and Mrs. M. E. Hill, of Modesto, Calif., and proceeded to have a carefree week of fun with the help of the grandchildren, Maria and Randy.

Despite the general vacation exodus, there are always those people who make vacations fascinating hobbies and so it is with sincere interest that I am able to write about the trip that the Harley Smith family, of 18405 Roslin Ave., participated in. Their first stop-over after leaving our little community was Lone Pine. From there they went to Carson City, Reno and Lawton's Hot Springs, Nev. No, they didn't just drive by any of these towns, they stayed overnight and in some instances, like at the Hot Springs, they stayed two nights. The keen interest there was the outdoor swimming pool and in the indoor mineral pool. Their point of interest was captured in Carson City by the museum and in Reno, well we won't go into that! Lake Tahoe, San Luis Obispo, and Ventura sights also captured their interest. They are now home, safe and sound.

Mrs. Philo Mellor, of 18249 Ashley Ave., and Mrs. Ella Killian have been ordering food like mad for the special teacher's luncheon which will be an

annual affair. The luncheon which is the El Nido PTA's project was held at the Mellor home and this was made possible through the donations of their association members. You know, it's pot luck luncheons like that one that makes me wish I was a teacher.

Our welcome new neighbor sign is out for Mr. and Mrs. Hardy, of 4245 W. 179th St., and their 15-month-old daughter Pam, who have just moved in from Fullerton. Shall we show them how neighborly we can be? I'll meet you over there!

Believe me you've never tasted cream puffs till you've tasted those made by Theresa Schuster, of 3954 W. 182nd St. It was canasta club time at her home last Monday night and this ravishing hedhead really believes in supplying the best for her guests. LeEtta Metzler took home the booby prize, while Emid Runsted managed to escape with first prize.

Are't neighbors wonderful? Mrs. Bullock certainly thinks so and the reason, well her son, Richard, become 15 years of age and she wanted to have a surprise party for him. The Carrio family, next door at 18428 Regina Ave., offered their patio. With such friendly feelings, it's no wonder the fine group of boys that partied had so much fun!

Mrs. Opal George with son Nicky, spent her last days in California visiting with the Glenn Blakes, at 16825 Thornburgh Ave., before departing to Wisconsin to live.

Even though it's school time again, everyone is preparing to attend the Pomona Fair and so the Wright family along with everyone else has made plans to motor to Pasadena and from there will proceed to the fair amidst friends and relatives.

Persons in our community are pooling their cars to take our youngsters to the "Treasure Hunt." Are you?

### Police 'Out' For Speeders, Chief Warns

Drivers who let the speedometer get away from them are in for a rude awakening, Torrance Police Chief Willard Haslam said yesterday.

A "get firm" re-emphasis program will be launched this week by patrolmen of the local Traffic Bureau in the department's drive to curb the increasing number of highway fatalities and injuries.

Men in the black and white police cars have been instructed by Traffic Bureau boss, Sergeant Bill Evans, to halt those drivers who fall to heed the posted speed regulations.

Leniency and tolerance in dealing with speeders is a thing of the past, Haslam said.

"New residential areas require posting of new speed regulations and drivers should be continually on the alert to avoid exceeding the safe speed limit," the chief stated.

"We are working in strict cooperation with the California Highway Patrol and promise an all out effort to convince motorists that the lawful way is the only acceptable way to drive on our highways."

### Ellinwood

## Advantages and Disadvantages Of Street Lighting Discussed

By SONNIE TOMCHAK

There has been a lot of talk recently about street lights for Ellinwood. Many people are asking when work will begin with the remark that it can't be too soon for them. On that score we can report that according to the Association President, Bob Werley, petitions will be circulated in the very near future so that you may vote for street lights.

Another group or residents is campaigning to keep lights away from our streets. They argue that we would preserve a more rural atmosphere without them, and that a street light shining in the bedroom window is a poor inducement to a good night's sleep.

While this argument undoubtedly has merit we would like to submit one fact for consideration. Several months ago the master of the house was out quite late and the garage, which is in front of the house, was left unlocked awaiting his return. Sometime during the evening a crackpot (for that he must have been) entered the garage and made off with some dirty clothes; most of them were recently purchased baby clothes. Not long after that incident a policeman friend of ours came to visit and had the usual hard time finding the house in the dark. When we mentioned the incident of the thief, he told us that police reports show an increase of 50 per cent in burglaries on streets which are not lighted over other neighborhoods. Crimes such as assault and armed robbery rise correspondingly.

This is a sobering idea to consider when debating on the advantages and disadvantages of street lights. A rural atmosphere is admittedly nice but when it jeopardizes the property and even the life of the resident. Personally, we find it rather hard to imagine ourselves in a rural atmosphere anyhow, what with but a few feet separating our home from the neighbors and Pacific Coast Hwy running past our door.

Mr. and Mrs. Bill Little and son Gay, of 4715 Highgrove Ave., left on Saturday, Sept. 11, for Iowa. The Littles, who were smart to wait until the big vacation rush was over, expect to spend three weeks in the midwestern state visiting relatives.

The residents of Ellinwood wish to extend a warm welcome to Capt. Bud Shiers and family of the U.S. Army, who moved into 4527 Highgrove Ave., during the past month. Captain Shiers, his wife Joyce, and son Steven, who is 7, moved here from Germany where he was previously stationed before being transferred to Fort MacArthur. The Shiers, residence is the former home of Mr. and Mrs. Burt Congleton who left recently for Saudi Arabia. The neighborhood is certainly taking on an international flavor.

Correction, Please, Tommy and Terry Lee Kirkbride visited with their married sister, Mrs. Joseph Hollos, while their mother was in the hospital. We had reported that it was an aunt, a natural mistake for, if you know Mrs. Kirkbride you know that she looks much too young to have a married daughter. Mrs. Kirkbride is now home from the hospital and recovering nicely.

The neighbors of Mr. and Mrs. James Longrich were sorry to hear that this couple had sold their home at 4521 Highgrove Ave. and will be moving away before the end of the month. They aren't going too far though, for they expect to settle in San Pedro, which, after all, is just around the corner.

Three Highgrove Ave. couples and two out-of-town guests enjoyed a gala evening last weekend when they drove into L.A. for a visit to that exciting new night club, the Moulin Rouge. Meeting at the home of Mr. and Mrs. Russel Brient for refreshments first were Mr. and Mrs. Warren Terwilliger, Mr. and Mrs. Tom Burns, and Mr. and Mrs. Glenn Ralston, the latter couple being house guests of the Terwilliger family from Reno, Nev. The delicious food and spectacular floor show presented at the night spot helped make a first-class evening of fun for the group.

Mrs. June Peterson recently returned from Tulsa, Okla., where she was the guest of some Indian friends. June's husband is a pilot for American Airlines and the couple was stationed for a short time in Tulsa before coming to California to make their home. While in Tulsa they became friends with Mr. Wayne Hunt and family who own and operate a curio shop. Mr. Hunt's Indian name is Wolf Robe and he makes the jewelry which is sold in his shop. June has several exquisite pieces of silver and turquoise jewelry as a token of her visit.

Mr. and Mrs. Robert Kilkelly of 4627 Greenmeadows Ave., welcomed a baby girl into the family on Tuesday, Sept. 14. Little Corinne weighed in at 6 lbs. 11 oz. at St. Vincent's Hospital. The Kilkellys also have a son, Bobby, age two.

On Saturday last, Roxanne Bangardner celebrated her second birthday with a party in the back yard of the family home at 4808 Highgrove Ave. Helping Roxanne celebrate were Steve Cleveland, Rudy, Kevin and Johnny Asman, Susie and Russell Blumenthal, Barbara and Kathy Adams, Toddie and Linda Fast, Vicki and Kathy Lloyd, and Danny Bangardner. Generous helpings of cake, ice cream, and candy were consumed.

### Wallet, Money Taken; Empty Billfold Found

A thief who presumably entered through the back door of his house lifted a wallet containing \$115, Thursday, Samuel F. Webb told police.

The wallet later was found, sans the money, on a Torrance Blvd. sidewalk, Torrance officers reported.

### LIBRARY WINDOWS

Juveniles have been blamed by police for breaking several windows and a porch light at the Walteria Library, according to reports. Margaret Dowd, of 84248 Neese St., noticed the broken glass and called the police.

### Reflections

By J. HUGH SHERFEY, JR.

"THANKS, NURSE!"

Nurses have asked for a House resolution proclaiming Oct. 4th to 9th as National Nurse Week; to our way of thinking five days, five weeks or five years isn't enough time to give them all the credit they deserve.

Kris, heroine in the book, "Not As A Stranger," typifies her sisters. She had no social sense, unequal to modern society, abashed by her doctor-husband, lonely but loyal, shone like a diamond in bright light in cap and uniform. Life is the goal of a nurse, her ambition, time ceases and fatigue forgotten when a life hangs in the balance. That isn't for five days, five years, but for a lifetime of service to mankind!

We honor these girls, pay tribute to them. They minister to the sick as a mother ministers to her child; love, kindness, inspiration are ingredients mixed with medication.
