

El Camino Leads List of Schools As Students Return to Campuses

By MARY and JACK WEBB FR 5-3051

Fall means a return to school and a number of Riviera teen-agers are returning or entering college.

Busy at studies on the giant UCLA campus is Norma Quine, daughter of Mrs. Norma Quine of 1806 Esplanade, Norma by the way, is already pledged to Alpha Chi Omega Sorority.

At El Camino for her last year of studies there is Lois Jones, daughter of Mr. and Mrs. James Jones of 237 Via Alameda. Fellow students at this school are Vonnie Griffin, daughter of Mr. and Mrs. Frederick Griffin of 234 Paseo de las Delicias, and Ardean O'Connor, daughter of Mr. and Mrs. Lee J. O'Connor of 640 Calle Miramar. Ann Flanagan, daughter of Mr. and Mrs. Joe Flanagan of 212 Paseo de las Delicias, currently taking two post-graduate courses at El Camino, will leave that school in December, bound for a TWA training school in the East. She'll study there to qualify for a position as airline hostess with TWA.

Also at El Camino are Jim and John O'Hara, sons of Mr. and Mrs. Theodore O'Hara of 238 Via Buena Ventura, one as freshman, the other as sophomore.

A freshman at Whittier College is Mary Sue Easley, daughter of Mrs. C. E. Easley of 234 Camino del Campo. She'll major in dental hygiene.

Marjo Strobel, formerly of 130 Calle de Andalucia, is at San Jose State.

And on the farm at Stanford University for her junior year is Dayle Denham, daughter of Mr. and Mrs. Clyde Denham of 341 Paseo de Gracia. A fellow student at Stanford is Betty Shaw, daughter of Mr. and Mrs. Philip Shaw of 221 Via Linda Vista, now a sophomore.

Mrs. S. D. Johnston, of 153 Via Monte de Oro, was appointed area chairman for Hollywood Riviera Republicans recently by the executive board of the South Bay Club of Republican Women.

Mrs. Johnson reports she is presently busy appointing precinct chairmen for the forthcoming November election. Nine chairmen are needed, she says, and her attentions are currently given to finding someone to take care of precinct block 36. This area includes Monte de Oro, Camino de las Colinas, Camino del Campo, Calle Miramar, Vista del Mar, Palos Verdes Blvd., and part of Paseo de Gracia. Anyone able to take care of this precinct is asked to call Mrs. Johnston at FR 5-1082.

Mrs. Tom Linehan and her two children, Judy Lee, 15 and Brian, 11, 844 Calle de Arboles, arrived home Sept. 9 from their vacation trip to New England and North Adams, Mass. They left here with Mr. Linehan on June 17.

Hubby Tom had to return home after three weeks of traveling and visiting relatives, while his family stayed on in the East.

Mrs. Linehan reports her brother, Lawrence Dudley, returned home to Riviera with them and plans to stay here a month or two.

While in the East, the Linehans took a side trip to Ridge wood, N. J., to visit former Rivierans Mr. and Mrs. Frank Brennan and family.

On their trip home, they reported they traveled 3500 miles, visiting the Petrified Forest, Grand Canyon, Las Vegas and Boulder Dam enroute.

The American Field Service International Scholarship held its most recent meeting at the home of Mrs. Willard Key, of 418 Calle Mayor on Monday, Sept. 20. Their membership drive, now under way, held the spotlight on the meeting's agenda.

Membership in this organization may be purchased from Mrs. Willard Key, FR 5-4185, of 418 Calle Mayor or Mrs. Carl Lippincott, FR 5-3687, of 132 Palos Verdes Blvd., they concluded.

Eileen Dowling, 18, daughter of Mr. and Mrs. John Dowling, 628 Calle de Arboles, returned recently from a five-week trip to Long Island, N. Y. While there, she visited her father's sister, Mrs. Charles O'Brien, and took a side trip to Jacksonville, Fla., to visit with other relatives. After taking in all the sights of New York, Eileen arrived home, arriving here Sept. 16.

Jim O'Hara, son of Mr. and Mrs. Theodore O'Hara of 436 Via Buena Ventura, broke his collarbone during a football scrimmage at El Camino College. Temporarily off the warrior team, Jim has his broken collarbone in a harness. He reports it slightly uncomfortable but progressing well.

More broken Riviera bones: Pete Scott, of 146 Calle de Andalucia, while working in his backyard last Saturday, stepped into a small depression in the yard and broke his foot. It was not much of a hole, but he stepped into it in such a way that it threw his foot and body off balance and broke a fair sized bone. He's been getting around fairly nimbly, considering his foot and ankle have been in a cast since the accident.

Jerry Bottomley, 11-year-old son of Mr. and Mrs. George Bottomley of 251 Calle de Andalucia, celebrated his birthday Sept. 20 with a patio party at his home. It was an ideal party for any eleven-year-old, replete with barbecued hot dogs, ice cream and cake. After lunch and games, his father took him and his guests to the theater.

Guests at the party included Billy Satterlee, Michael Scott, Tommy Jones and Butch Byrd. Ever traveled 59 miles to go house-hunting? We have Rivierans who have. Mr. and Mrs. Carlton Paul, 183 Via los Miradores, made a quick trip to Phoenix, Ariz. last week to look for a new home. Or as Mrs. Paul puts it—to sniff one out.

They have to find one in a location where their 11-year-old son, Skippy, will not be bothered with hay fever. So Skippy leads the group, sniffing around the areas that seem attractive.

Why do they look so far from Riviera? Carlton Paul's entire department at AllResearch is being moved to Phoenix June 1, necessitating the home-hunt. The Pauls report they are intrigued most by the Scottsdale section in the Phoenix suburbs.

Mrs. Henry Graef, leader of Girl Scout Troop 156, has called a meeting of all mothers of the troop members. The date will be Thursday at 1 p.m.; the place is the home of Mrs. Carlton Paul, 183 Via los Miradores. Plans for the coming year will be discussed and refreshments served.

Condoleances are extended to the family of Mr. and Mrs. James N. Hawkins on the passing of her mother, Mrs. Dessie Davis, Friday Sept. 17, at their Riviera home. Funeral was held Friday in Santa Monica, where Mrs. Davis maintained her residence. Relatives from Salt Lake City, her original home, arrived Friday in time for the services.

Mr. and Mrs. William Cogswell and family are visiting at the home of Mr. and Mrs. Ted Cogswell of 812 Via Pasquel. He is Ted's brother. They arrived together with their children, Linda, 3, and Jeffrey 7, from Dallas, Tex., on Sept. 15. The Cogswells report they are planning on making California their new home.

They are staying with the Riviera Cogswells while he looks around for their future home and business connection.

Tonight is the date for the big special meeting of the new Little League Pacific Coast League at the Watteria School auditorium at 8 o'clock. On hand as principal speaker will be J. S. Porter, Western Regional Director for the Little League, who will also show movies of the Little League. All parents in Riviera, and other Torrance areas south of the Pacific Coast Highway are invited to attend.

The new league officers also report that the regular meeting time for October and henceforth

has been changed. They had originally reported that the Pacific Coast League organization would meet on the second and fourth Thursdays of each month. Because of prior commitments and other difficulties, this meeting time has been changed to every first and third Wednesday of each month at the Watteria School auditorium.

The Sportsmen's club's sixth annual barbecue was the biggest ever. That's the report from Louis Regan, president of the Hollywood Riviera men's group, who adds that over 400 barbecued beef dinners were served and some 100 more guests dropped by for hot dogs, ice cream and soda pop.

Regan reported that about \$300 was cleared to be used for various youth activities sponsored by the Sportsmen. Comparing this year's success with last year's, Regan pointed out that while over 400 dinners were served this time, the total for 1953 approximated just 150. He gave complete credit to the various committee chairmen who, as he puts it, worked so very hard to make this year's affair a success.

General chairman of the barbecue was Rivieran A. J. "Pat" Patronsky. Bob Pinkney assisted by wife, Mary, did yeoman work in his task as chairman of the food committee. Jim Greer, Ray Borman and Harry

Moss worked on the soft drink hot dog and ice cream stands while Chuck Demaree handled the dart game booth. Bob Surber was in charge of the country store; Phil Echandi took care of the parakeets and ducks, while Ted McLane was general concession chairman. Pat McGowan and his Scouts of Troop 718 handled the white elephant booth. Will Zens was in charge of publicity. To these and to the others who assisted them in their work, president Regan wanted to extend public thanks for the fine job they did.

What think you Rivierans about the permanent pleas cut into our Riviera hills by the new Hollywood Riviera Estates tract? Some may like them; we've heard now from those who don't. Laurence Wing, of 516 Monte de Oro, reported this week that a petition is in the process of being drawn up. It protests the breaking up of the natural terrain and flow of Riviera's hills to the west of Via Monte de Oro. It's reported that the petition will state that the moving and changing of the earth has created a new grade, destroying views, depreciating property values and creating a traffic hazard. Promoters of the petition added also that ordinance 849 states that no walls, fence or hedge can be erected that is over 30 inches in height.
