Crowds Force Valley Forum Site Change

Overflow crowds have forced officials to move the Centinela Valley Community Forum to Leuzinger High School auditorium in Lawndale.

The next meeting will be today, when Harvey Chessman will show a movie, "Boom Goes Africa from Congo to Capetown."

At the same time, the Adult Education division of the district announced that the home landscaping class held on Monday and Wednesday at 7:30 p.m. will be moved to Hawthorne High School. Classes formerly met in the Larch Ave. School.

Photography classes on Monday and Wednesday evenings in Hawthorne High School are still taking students.

Water Content
About 70 percent of the human body is composed of water and fluids.

DANGEROUS FLOTSAM . . . Sid Williams of the County Parks and Recreation Department, points out some of the dangerous ordnance material washed ashore Sunday on Torrance Beach. Coast Guard investigators identified the metal objects as the exploding device of a 60mm mortar. And, the officers pointed out, they were still armed. Source of the material remains a mystery.

Adult School Gives Classes In Hats, Ceramics Crafts

Mrs. Pamela Grubb, for many years associated with leading hat and summer and day camp designers, is leading a millinery course sponsored by the Torrance School of Adult Education. For several years associated with New York and Chicago designers, Mrs. Grubb was most recently with Madame Simone Bouvette, Beverly Hills designer who works exclusively for the movie stars. Classes will be held at Greenwood School, Room 5, on Tuesdays from 1 to 4 p.m.

Adults who are working with Scout Worker Teaches Mrs. Vernon Balliff, of San Pedro, who is active in Scouting, instructor. Braiding with plexon into belts, whistle cords, key rings, and bracelets, potato printing, plaiting of paris molding and painting, leather work, puppet making, paper bag masks and puppets, aluminum tooling and mounting, paper crafts, soap carving, and articles made from natural camp materials will be included in the program.

A new course in ceramics has been opened at the Civil Defense Building, at 1754 Torrance Blvd. on Fridays from 9:30 to 12:30 a.m.

Many Pottery Forms
According to Mrs. Rosalie Woodin, the teacher, instruction will be given in figurines, bookends, lamp bases, salt shakers, towel rings, ash trays, and bonbon dishes.

B.F. Goodrich SAFETYLINER TUBELESS

is the new-car Tubeless with the 6-year lead, COSTS NO MORE THAN REGULAR TIRE AND TUBE

Car Manufacturers' Adoption of Safetyliner Tubeless climaxes 6 years of single-handed B. F. Goodrich Tubeless Tire development.

SAFETYLINER GIVES PATENTED PROTECTION AGAINST BLOWOUTS, REVOLUTIONARY PROTECTION AGAINST SKIDS

B. F. Goodrich announces a new Tubeless—the B. F. Goodrich SAFETYLINER—that puts Tubeless Tire safety in the regular tire-and-tube price range!

Engineered exclusively for today's streamlined new cars, this streamlined Tubeless Tire is the choice of many car makers for new 1955 cars. It has no inner tube to blow out. Instead it has a patented inner liner, part of the tire itself. In case of a bruise-break, cause of most sudden blowouts in tires with tubes, the SAFETYLINER does not blow out. You merely get a gradual loss of air—a safe s-s-slowout that gives you time to stop safely.

17% Better Skid Resistance

A new tread design gives the B. F. Goodrich SAFETYLINER greater skid resistance than previous new-car tires. In locked-wheel stopping tests on smooth, wet pavement, SAFETYLINERS stopped in 17% less distance.

It is designed for modern highways, and the new powerful cars. It practically eliminates squeal.

CHANGES BLOWOUTS TO S-S-S-SLOWOUTS

On curves, it's almost silent. It rides smoother. Yet the SAFETYLINER costs no more than a regular tire and tube.

The Tubeless Tire was invented, patented and perfected by B. F. Goodrich. Over 3,000,000 B. F. Goodrich Tubeless Tires have been sold since the first one was announced in 1947. They have been proved by over 50 million miles of use. Only B. F. Goodrich has 30,000 Tubeless Tire retailers trained to serve you and backed by 6 years of Tubeless Tire know-how.

B. F. Goodrich SAFETYLINER Tubeless Tires fit standard wheels.

THERE ARE MORE B. F. GOODRICH TUBELESS TIRES IN USE THAN ALL OTHER MAKES COMBINED
