

Scouts Help Plant Seeds

Six members of Torrance Explorer Post 219X joined 600 other Explorers from the Los Angeles area in an Exploradeo program last weekend featuring a conservation good turn project.

Thousands of pounds of pine seed were sown in the Angeles National Forest in the burned-out Charleston Flats area, which is part of the Scouts' famous "Silver Moccasin" trail.

Making the trip with Explorer Advisor William Seis were Fred Cameron, Jack McNeil, Frank and Joe Montez, Bill Snyder, and Sherdean Swift.

Each boy furnished his own food, cooked it, and "really roughed it." All slept under the stars Friday evening.

OIL FOR FOOD
About 90 per cent of the cotton seed oil used in the United States is diverted into various food products.
