

### Civic Center Would Be Benefit To Whole Town, Columnist Says

By SUE BURK  
FR 5-519

For the betterment and welfare of our community, our town, and all of us as individuals, I wish to take this opportunity to bring to you the facts of our forthcoming Civic Center Bond Election. First of all, we should realize that our city is moving west, as industries have absorbed the greater majority of the eastern section of Torrance. Therefore, with thousands of homes being built yearly the relocation of our city hall will give us a central location which will be readily accessible from all points in Torrance, and bring closer relation between you, the taxpayer, and our city officials. This will also, under proposed plan alleviate the pressing parking problem which now faces us in downtown Torrance.

and better equipped. This will bring about an incentive for bigger and better, more modern shopping district; a centrally-located Fire Department, and Police Department for your protection. Also, our swimming pool centrally located will provide a start in our much needed youth recreation program.

All of these dreams can become a reality by your "Yes" vote on Tuesday, Oct. 19, for the bargain price of less than a package of cigarettes per month.

We invite you to join the team with your "Yes" vote for a bigger and better Torrance.

Seaside School is going to hold its long-awaited carnival on Oct. 16 from 11 a.m. to 5 p.m. Fun and games are promised for all, with consolation prizes for games which offer only one prize.

Some of the names of the booths that will be in service are a variety show in the auditorium, food in the patio, cake walk in room 8, ring toss and pennies from heaven in room 7, fish pond and clown face in room 6, movies in room 5, dart pistols and wheel of fortune in room four, live goldfish and makeup in room 3, ring-let and cat face in room 2, and the farm store in room 1. There will be \$1 badges for everyone to play the booths. Ask about them at the school or call FR 5-3234 or FR 5-9689.

Alice Myers has spelled down all contestants on "Dictionary Derby," a TV program over Channel 9. We are waiting to see whether she will win the grand prize.

Jack Milson was badly hurt in an automobile accident about two weeks ago, in which his car and the one with which he collided were demolished.

There have been several prowlers lately in this vicinity. There are several houses around here which seem to be attracting prowlers. As late as Sunday night, the police were called to check on two persons seen in the area around Zakon, Vanderhill, and Macaffee Rds.
