Bowen Uses Music in AF

Some servicemen complain that the service put them in the wrong slot, but John R. "Rudi" Bowen, son of Mr. and Mrs. W. E. Bowen, of 248 Avenida Atezado, can't agree with them.

The 21-year-old airman, a member of the Torrance Area Youth Band and active musically in Torrance, is in the spot that suits him best—a percussionist with the 476th Air Force Band, now stationed in Tokyo.

He has been doing much of the arranging for the band and orchestra while in the service. A 1952 graduate of Torrance High School, Bowen took music at Colorado State Teachers College and El Camino College before entering the Air Force in March, 1953, and plans to resume his music studies when he is discharged.

CIO Scores Proposition 13 Potential

Opposition to Proposition 13 on Tuesday's ballot grew this week when the CIO California Industrial Union Council scored the act which would enable the city of Vernon to operate a municipal government elected by non-residents.

John A. Despol, secretary-treasurer of the Council, charged that the proposition would "restore a feudalistic, undemocratic concept by granting property owners the right to vote twice in elections."

Opponents of the measure, designed to allow Vernon to propose a charter for adoption by city election, point out that the proposal would open the way for establishing voting eligibility there on the basis of property ownership. Such a situation would allow property owners to vote in two cities if they didn't live in Vernon, and such a person could be an elected official of two cities.

Halloween Carnivals On At Two Parks

Slated to get underway at dusk, giant community Halloween carnivals will be staged Saturday night at both local Los Angeles Municipal Playgrounds.

The playground carnivals will begin before a huge bonfire where children garbed in traditional costumes will parade.

Then older youngsters will be allowed to take part in a series of games and contests.

Local parks are Normandale Park, 22400 S. Halldale Ave., and Normont Terrace, 980 W. 236th St.

The new INTERNATIONAL ONE HUNDRED is the EASIEST HANDLING PICKUP OF ALL!

Here's what you get with the easiest handling 1/2-ton pickup! Outstanding new get-up-and-go... new high compression performance... extra easy steering... largest effective brake lining area in its field... tubeless tires, as standard equipment!
