

### Commissioner Issues Tips For Shoppers

In keeping with seasonal themes, the California Highway Patrol this week issued a list of "Helpful Tips" for holiday shoppers.

Bernard R. Caldwell, commissioner of the patrol, explained that there were more deaths, more injuries, more traffic accidents, and more pedestrians injured during December than any month last year. He offered the following helpful, life-saving hints:

1. Never combine alcohol with Christmas shopping, whether driving or walking.
  2. Refrain from window shopping or searching for addresses while driving. A second's inattention may cost a life.
  3. Stack packages in vehicles so they will not block the driver's view and will not topple over, creating driving hazards.
  4. Never attempt to make up for lost time by speeding. Excessive speed is the number one killer in traffic today.
  5. When walking, do not carry packages that will obscure your vision ahead or to the sides. A car may not miss the pedestrian who didn't see it.
  6. Remain constantly alert. Concentration while driving or walking, always a full time job in traffic, is most important in December.
  7. Think defensively, assuming that the other fellow may make a mistake. He sometimes does.
- "Last December, 342 men, women, and children died in traffic. If everyone heeds these simple rules, the toll is certain to be much lower this year," Caldwell said.
