Those two tiny figures on top of the wedding cake . . . the bride and the groom . . . are a symbol. They mean that from this day forward two people will be as one . . . joined together in perfect unity, forming the nucleus of a new family group.

Torming the nucleus of a new lamily group.

They have stood before the church altar, pledging themselves to each other and to God. Their marriage has been started in the right way, with God's blessing upon it.

way, with God's blessing upon it.

In the years to come they will look back upon this day, and upon their holy moment together in the Church. They will remember the reception later when they cut this cake, when there was laughter and gaiety and nothing but love around them. When they return their church on Sundays, they will always see in their minds' eyes to their own figures, standing before the altar, taking their holy own, their own figures, standing before the altar, taking their holy own. Little wonder that the Church will always mean so much to them when they have laid the foundation for their happiness within it.
