for you who choose not to keep your grey hair!

Mr. John Garton, internationally known for his famous Bon Coif formula, the French say . . . "Bon Coif" is recognized as one of America's leading hair-color authorities.

JOHN GARTON says "because of what it can do for you . . . because of what it has done for thousands of men and women all over the world, Bon Coif is my proudest achievement." The colorless hair-conditioner activates hidden hair color gradually . . . or in just minutes! Up to six months' supply of Bon Coif, 5.00 - "Booster," used with the Bon Coif color-action conditioner for color in minutes, 1.00 extra, plus federal tax.

If you have colored your hair, or even secretly contemplated doing so, you should know about the fabulous Bon Coif . . . a scientific protected formula. Many have tried to obtain a vibrant, youthful appearance by the use of harsh aniline dyes—and have failed. No matter if you are tinting or dyeing your hair (providing you are attempting to match your pre-grey color) Bon Coif is for you.

Since the chemistry of each and every one of us is totally different—which accounts for our own individual hair color—one of America's leading research laboratories (who produce Bon Coif) developed a scientific, colorless formula, which, when merged with the oils of your scalp, activates a truly natural-looking hair color—a color as near your original shade, prior to turning grey, as it is humanly possible to obtain.

YOU'RE INVITED to come in and let Mr. Garton's personal representative, Eve Corson, put a colorless liquid on a strand of your grey hair . . . and in seconds watch the exciting color change. Eve Corson is here all week . . . daily 10 to 5 for consultation.
