**Yule Display Causes Crash**

Christmas decorations on someone's lawn proved to be the downfall of Felix H. D'Addario, 31, of 19334 Beckworth. Friday night. Police say D'Addario was driving north on Beckworth in his automobile. He decided to turn onto Arvada St., and in doing so was captivated by a holiday display on the front lawn of a home on Arvada.

The D'Addario car rammed into a parked auto registered to Virgil White, of 5109 Arvada. As a result of D'Addario's roving eye, Alice D'Addario, 30, was injured in the collision and was treated by a physician.

**Sacket Instruction Halts for Holidays**

Sacket instruction classes, being conducted each Wednesday night in the National Guard Armory by the Torrance Recreation Dept., will be suspended until Jan. 4.

This action was made necessary because the Armory is being placed at the disposal of the Post Office, to assist them in handling the heavy mailing during the Christmas season.

**SANTA'S ACE HELPER** ... Mary Smith, wife of a Harbor City merchant seaman, check over more than 50 dolls which she prepared to send out to Sister Kenny Polio hospital in El Monte. She has also prepared hundreds of other items to make Christmas a happier day at Southland hospitals.

**Six El Caminos Have Poems Published**

Letters of congratulation were received by six students of El Camino upon the acceptance of their manuscripts for publication in the Annual Anthology of College Poetry.

Poems accepted for publication were "The World," by James M. Singer Jr.; "Colors," by Robert Della; "Marching," by Rod Weldon; "Sonnet IV," by Ken Hackney; "The Gulls," by Carl Larsen, and "Requiem," by Bob Neale.

Singer, a resident of Torrance, was a member of the 1949 Warwhoop staff before spending four years in the Coast Guard. He now attends El Camino evening classes.

Another former member of the Warwhoop, Della has contributed manuscripts to the Whoopla, El Camino literary-humor magazine. Formerly a resident of Lennox, Della now lives in Hermosa Beach. Weldon, a law major is another South Bay resident active in student government. Weldon served as chief justice of the Student Court last year.

Sports editor of the Warwhoop for the past two quarters, Hackney also lives in Hermosa Beach and was a contributor to the Whoopla. He spent three years in the U. S. Air Force.

Larsen, last year's Warwhoop editor-in-chief and winner of the Rosemary DeCamp playwriting award for 1953 at Torrance High School, is now in the process of having his book, "God is the Man in the Sky," published.

Neale, last semester's sophomore class president, is a resident of the South Bay area.

The National Poetry Assn. publishes the Anthology, which is a compilation of the best poetry written by college men and women all over the United States.

**Youths Held For Thefts**

Sheriff's deputies Saturday were holding two Torrance youths, 16 and 21, in connection with several burglaries in this area recently after they were picked up by Torrance Police Thursday.

Charges against the pair were being pondered. Admitted taking three batteries from a truck at the Pennsylvania Automotive, 25212 Pennsylvania Ave.; wheels, an electric drill, and other equipment from Don Northcut's garage, 1870 W. 182nd St., and some tools from a Redondo Beach firm.

Torrance Police recovered some of the stolen goods, while deputies have located the rest.

**Electronic Vote Equipment Could Save Thousands**

Huge savings to taxpayers in the cost of holding major elections will be realized by Los Angeles County through use of the latest in mechanized office equipment, Supervisor Kenneth Hahn revealed this week.

Chairman of the board of supervisors committee overseeing the work of the Registrar of Voters, Supervisor Hahn has worked with Benjamin S. Hite, the Registrar of Voters, in developing techniques which will save taxpayers \$375,000 at next year's elections.

Some of the savings have been made possible through use of automatic machines which address, stuff, count, tie and mail sample ballots and precinct notices. With the equipment, 35 clerks now do the work formerly done by 600 clerks manually.

**'Panther' Seen By Resident**

A pussy-footed panther, who's been playing hide and seek with south Torrance residents for more than a month, was reported seen again in that area Friday.

Mrs. Elen Snider, of 3281 Winlock Rd., reported to police her neighbor was keeping an eye on the cat while she called to notify them. Two patrol cars were dispatched to the area, but failed to come up with the animal.

Police say tracks "as big as a man's fist," have been seen in the locale lately.

**Reflections**

By J. HUGH SHERFEY, JR.

**JUST PEOPLE, MAKE FRIENDS**

Whom would you rather believe, a salesman, with an axe to grind or a happy, modest, unassuming user? Boys follow a leader; one boy, with constructive ideas can lead that crowd into creative channels, e.g., a Vice Principal in a Big City High School changed rowdies into respected ch e f s, pullman porters and artisans by getting negro men to teach the colored boys secrets of their trades.

The State Department is sending "Little people" to Asia to refute highly emotional and completely erroneous claims made by Communist Agents. Carl Rowan, Sammy Lee, Jessie Owens, who for years devoted his life to 1500 South Chicago underprivileged youngsters, are by example, pride and modesty, showing the masses what they can do. This new departure has been highly successful; these Americans, just plain people, are demonstrating what ingenuity and constructive efforts can do.

Just people built Torrance. Just people will reunite the world.

P.S. Our most valuable asset is — just people whom we have served.
