Hillside Youngsters Make Novel Ornaments

A novel idea for making Christmas decorations was tried this year by Richard H. Sylvester's sixth grade class at Hillside School.

The youngsters made round ornaments by inflating balloons, dipping some string in a solution of water and plaster

of paris, and wrapping the string around the balloon. When the string dried, they deflated the balloons, leaving an attractive ornament made of string.

Camp Fire Girls Stage Yule Social

Okiwayi Winuke Camp Fire Girls climaxed their first six months with a Christmas social on Wednesday evening, Dec. 12, at the home of Mrs. Delbert Kern in Torrance. Since the group's organization on June 13, the girls have been very active and have accomplished a great deal under the able leadership of their hard-working guardians, Mrs. Kern, and Mrs. Dean White of Hermosa Beach.

The planning and carrying-out of this social meeting, to which parents and sponsors were invited, enabled the girls to complete the eighth requirement of the nine requirements for Trail Seeker's Rank. They made the invitations, programs, name tags, favors, and decorations. They shopped for ingredients, made the refreshments, served, and washed the dishes afterwards. They participated in the entertainment. Later, the angel doll mobile and ming tree centerpiece were presented to the children's ward of the Harbor General Hospital.

The Okiwayi Winuke Camp Fire group welcomes two new members, Cheryl Smith and Dawna Riggs, bringing total to 13 members.

SHOW THIS TO YOUR HUSBAND!

Tell him it's you without an electric clothes dryer — hung up and "washed up" after you've stretched, stooped and pinned your way through still another basket of clothes.

Tell him the cure: a shiny new electric dryer. It saves you the lifting and bending and dependence on the weather. It saves clothes — they dry fluffier, cleaner and fresher smelling. They last longer, too.

Tell him it has to be an electric dryer, of course. Because it's so safe. Because you simply plug it in. And because it costs less to buy! (Electricity is your biggest bargain in modern living.)
