GETS AUTO FOR DOLLAR... David B. Luce, 22327 Evalva Ave., left, receives the keys to a Ford convertible from Jack Maynor, Oscar Maples Ford Sales manager, after Luce won the right to purchase the car for a silver dollar. The purchase was a climax to the grand opening of the new Oscar Maples lot at Pacific Coast Hwy. and Hawthorne Ave. which was attended by an estimated 10,000 persons.

Warren Muir, 20, son of Mr. and Mrs. George Muir, 1712 W. 2623 St., Lomita, recently was promoted to private first class in Washington, D.C., where he is assigned to duty at Walter Reed Army Medical Center.

He entered the Army in October, 1954, and last served at Fort. Sam Houston, Tex. He was graduated from Narbonne High School in 1954.

SAFETY AWARD... Members of the Joint Safety Committee at Columbia Steel receive the National Safety Council's Award of Merit from H. F. Dotson, assistant general superintendent. Left to right are E. J. Ahlstrom, superintendent of safety; James H. Hansen; Dotson; Victor E. Benstead, chairman; R. J. Prout; A. Y. Berry and A. G. Hazel. The Torrance plant received the plaque in recognition of an injury-free period of 1,344,325 man hours between February and November, 1955.

Beneficial Finance Here For 5 Years

Beneficial Finance Co., at 1441 Marcelina Ave., is celebrating its fifth year here, according to Clyde A. Baumgardner, manager.

The office, the 627th one in what is now known as the Beneficial Loan System, was opened here in 1951.

"Today," Baumgardner said, "the residents of Torrance and its environs are served by an organization having more than 1000 affiliated offices throughout the United States, Canada, and Hawaii.

"It is an honor and a privilege to be the manager here," Baumgardner continued, "and to celebrate five years of service to such a fine community. It gives me a feeling of deep satisfaction to realize how many friends we have made in this rapidly growing community."

The local staff includes Leslie M. Crain, Margaret Ruffeld, Linda Van Bellehem, and William A. Stall.

Cost Accountants Tour National Supply Plant

Seventy-five members of National Association of Cost Accountants, Long Beach Chapter, and guests were recently conducted on a guided tour of the National Supply Co. plant here.

Fred W. Mill, president of Long Beach NACA and division controller and assistant secretary of National Supply, together with his staff pointed out the great strides in production and administrative efficiency which have taken place in this industry to help make National the world's largest manufacturer and distributor of oil-field equipment and machinery.

Installation of electric furnaces and manufacturing its own steel has made the Torrance plant the West's largest producer of drilling equipment, in addition to many other types of equipment.

NACA visitors were served refreshments in the company's club room at the conclusion of the tour and were shown movies depicting National's place in the country's economy.
