### **HAVE SOME MORE TO SAY ABOUT REAL ESTATE**

In this newspaper last week, I stated that I agreed th an aditorial appearing in the Terrance Herald on April 1992, In offect, the aditorial sold "real estate men suid not be Councilmen", ... and ... "the best interests the city are not served when a Councilmen is called on to represent the city as a buyer of land or proporty ile simultaneously acting as an agent of the soller."

This was not an attack on the yeal estate profession. Certainly, under democratic standards, realitors are eligible for election to the City Goundi-but ONLY IF THE INDI-VIDUAL HERTED IS WILLING TO PLACE THE WELFARE OF THE CITY AND ITS PEOPLE ABOVE HIS OWN PERSONAL BUSINESS INTERESTS.

In the bachnically legal and advisable for a councilman to dealine to vote on an issue in which he has a personal and/or financial interest. HOWEVER, SUCH A REALTOR-COUNCIESAN WHO MUST DO THIS ON NUMEROUS OCCASIONS-AS HAS BEEN DEMONSTRATED BY ONE MEMBER OF THE PRESENT CITY COUNCIL-IS ABSOLUTED NOT FUERLING HIS MORAL OBLIGATIONS TO THE VOTERS OF TORRANCE ... NOR IS HE ENHANCING THE GOOD NAME OF THE REAL ESTATE PROFESSION.

9

GOOD NAME OF THE REAL ESTATE PROFESSION. One counciloren, for example, just last week declined to vate an ave tract maps involving 97 Torrance residen-tial late, ... because, in his own words, "I have a financial interest in this." Which a councilman consistently declines to vate "for" or "sgainst" important issues, he is depriv-ing every man, woman, and child in Torrance of the rep-recentation to which they are satisfied by law.

recontinuous to which may are estimated by law. I Simily believe that the general real estate profession has contributed gravity to the tramendous growth and de-velopment of Torrance. I know we're going to continue to grow, Progress is an inavitable "must." THEREFORE, LET US BLECT AS PUBLIC OFFICIALS THOSE PERSONS WHO MAVE DEMONSTRATED THAT THEY HAVE THE BEST INTERESTS OF THE PEOPLE AT HEART AND.— HAVE NO STRINGS ATTACHED TO PREVENT THEM FROM VOTING BITHER "YES" OR "NO" ON MULTI-MILLION DOLLAR IS-tures camerizing THOLENDARD OF TORRANCE CUTZENSI ES AFFECTING THOUSANDS OF TORRANCE CITIZENS

TOP PERFORMANCE-TOP ECONOMY. Nineteen strictly stock cars with automatic transmissions have just turned in top records in the toughest Mobilgas Economy Run ever driven.

These 1956 models, using the same Mobilgas Special you buy at your station, proved that economy can still be had with peak performance. This despite the fact that, on the average, horsepower is up 19.46% from last year.

TOUGH TEST. In 31/2 days drivers covered a rugged 1468.9 miles of desert heat, mountain cold, and city traffic...altitudes from 203 feet below sea level to 11,315 feet. Official observers sat alongside Run drivers to be sure cars were driven at maximum legal speed, never "coasted," and all rules rigidly followed.

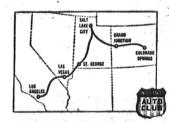

All types of weather and temperature were encountered to duplicate every condition the driver of any car is likely to meet in a year's time.

Rules for the Run are rigidly made, rigorously enforced. Impartial observers are provided by the independent Sports Commission of the United States Auto Club. This in turn is approved by the Federation Internationale de l'Automobile (F.I.A.), international supervising organization of automotive sporting events.

"PAR" FOR YOUR CAR. Every driver will find "par" for his car in the column at the right. It shows the best mileage each make can give when today's cars, today's gasoline, and competent drivers are challenged to "put out" their best.
