Roofeer's Hobby By MILDRED HUNT Whittling has become an art with James H. Scott of Torrance who has completed an array of wood carvings which could do justice to similar carvings of ancient times. Scott, who states that you never make a perfect wood carving, stumbled on this hobby purely by accident some years ago when a certain type on which he was then working. Not being able to find an even production which he did, The carving the index of the yourd search are and the bird served its purpose and the Dird served its purpose and the the dise of the purpose and the pressions. hands and back-pressions. hands and back-the idea of carving one display wood, which he did, The carver production secret are complete and impressive. One carving re-bird served its purpose and the the lines of the carving the server and impressive one carving re-bird served its purpose and the the lines of the carving the server y detail. this work, details like facial ex-pressions, hands and back-ground scenery are complete and impressive. One carving re-veals a man reading a book with the lines of the carving distinct in every detail. purpose and the since has been from pictures,
