City Purchases Five Lots for Arlington Work

Purchase of five parcels of land, at a cost of \$5000 this week eliminated a large obstacle to the extension of Arlington Ave. from Del Amo Blvd. to 190th St.

The five lots, located east of the present Arlington Ave. terminus at Del Amo, will give access to the area where the proposed extension will join the present roadway.

Council approval of the purchase was made on the recommendation of City Manager George Stevens, who said the price had been reached after lengthy negotiations with the property owners.

The Board of Supervisors has appropriated \$60,000 for the extension of Arlington with the provision that the city handle the acquisition of the right-of-way for the new street.

Engineering on the new street has reached final stages, and officials hope to begin construction on the project in the near future.

Opening of the major street between 190th and Del Amo will provide a second access into the downtown Torrance area from north Torrance. Only Crenshaw Blvd. now opens into the area from the north between Western Ave. and Hawthorne Blvd.

INCREASE RATE
 Rate of increase of the number of people in the U.S. is about 1.7 percent per year, which compares with the world average of 1.3 percent. The U.S. rate is higher than that of India.
