Understanding God Is Sermon Topic Sunday

The Christian Science churches will have as their Lesson-Sermon, topic on Sunday, "Mind." This subject relates to the wisdom, knowledge and understanding of God and His gift of consciousness to man.

The Golden Text is from the 147th Psalm, "Great is our Lord, and of great power: His understanding is infinite" (147:5).

In this connection a passage from one of the two pastors of the church, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, reads, "The starting-point of divine Science is that God, Spirit, is All-in-all, and that there is no other might nor Mind,—that God is Love, and therefore He is divine Principle... No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is Life but the divine; no good is, but the good God bestows" (p. 275).

In a correlative selection from the other pastor, the Bible, Paul declares in Romans, "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways a past finding out!... For him, and through him, and to him, are all things: to whom be glory for ever" (11:33,36).
