

WALTERIA NEWS NOTES

Sages Celebrate 50th Anniversary At Special Fete in Walteria Home

Touches of gold on all the gifts, golden gladioli, daisies, and marigolds, all were tokens of 50 years of wedded happiness on Aug. 5 when Mr. and Mrs. Roy B. Sage of Madison St. celebrated their golden wedding anniversary. The couple held open house at their home with many guests dropping in to wish them many more years of happiness. The Sages were married in Beiloi, Kans., on Aug. 1, 1906. They moved to Idaho where they lived 19 years, and then moved here in 1925. They are near pioneers of this, our town, having lived on Madison St. ever since their arrival. Four generations were present on the eventful Sunday to tender congratulations, among them being Lyle and Catherine Sage of North Hollywood, son and daughter-in-law of the Roy Sages; Mr. and Mrs. William Cairncroft of Weston Rd., the Sages granddaughter and husband; and Mrs. Gladys Coates of Ward St., daughter of the celebrating pair. Three grandchildren were present besides Mrs. Cairncroft. They were, Russell Coates, and Paul and Bruce Sage. Great-grandchildren included Cathy, Pete and Patricia Cairncroft. Other guests came from Whittier, Tracy, Long Beach, Sun Valley, Pomona, and North Hollywood. Cake and punch were served the guests after the beautiful confection had won many admiring glances. The cake was in white with "50th Wedding Anniversary" inscribed in gold with white wedding bells carrying yellow streamers. May we add our congratulations to the many already received by the Sages, and wish them continued happiness.

That ice cream carnival went off with a big bang on Aug. 7. The most popular booth of all was, you guessed it, the wet sponge throw. For the men and boys who wanted to test their skill at carpentry, there was a nail pounding booth. The younger set enjoyed visiting the "beauty shop" for facials for the girls, and mustaches and sideburns for the boys. Fun for all was the fortune telling booth where fortunes were told Japanese style. Then, of course, there was the constant pop of balloons as darts found their balloon targets. Fishing poles were worked overtime at the fish ponds, while the call of the weight guesser added to the carnival spirit. For those with a sweet tooth there was homemade candy and popcorn balls, and of course homemade ice cream, cake, punch, hot dogs, and coffee. Let's not forget the "dress with a thousand pockets" full of surprises for little hands, the square dancing for the grown-ups, and the movies for the young fry. All in all everyone had a wonderful time.

Mrs. Ray Cooper and daughter are back again on Danaha St. after spending a more than busy summer. They started with a several weeks visit in Jacksonville, Fla., visiting Mrs. Cooper's sister. With that visit completed they returned home for a short time, and then took off for Denver, Colo., where they visited friends. Now, their wanderings over, they are home again after a very eventful couple of months.

There is a new little stranger in our midst. She is Janet Lynn Eager, daughter of Beverly and Chester Eager. Little Janet will be a year old before daddy sees her since he is stationed on the Aleutian Islands with the U. S. Navy. He was sent there just two weeks before Janet put in her appearance on Sunday, Aug. 5, at the Corona Naval Hospital. Incidentally, she weighed 6 pounds 4 1/2 ounces, and was 19 1/2 inches long. Proud grandparents are Mr. and Mrs. Hubert Rampley of Winlock Dr., where mother and daughter are staying for a time, and Mrs. Mary Ratliff of Riverside.

The Cub Scouts are having a wonderful time this summer with various Scout activities. Last Saturday 45 boys and 13 adults made a tour of the U. S. S. Sawfish submarine off Terminal Island. The boys made a guided tour of the submarine during the morning. Gilbert Sanders, father of one of the boys in the troop, who is stationed on the minesweeper U. S. S. Loyalty, then arranged for the boys to visit

returning home tired but happy. The Cub Pack meeting will be held on Sunday, Aug. 26, at the Walteria Park. It will be in the summer style of pack meetings with picnic, games, and awards.

The Walteria Business Women had a wonderful time at their Aug. 9 meeting since it was their annual family party and meeting combined. Mrs. R. Sleeth, Jr., presided over the business meeting, while chairman for the affair itself was Mrs. Al Muir, with Mrs. Frank Fisher acting as co-chairman. The theme of the gathering was "Splash Party" and since the water in the pool was lowered to three feet, the children had a ball doing just that. All the games and prizes carried out the splash theme too, with a picnic supper ending all the fun. The youngsters who enjoyed the afternoon included Sharon, Judy, and Raedonna Lavit, Kathy and Susan O'Brien, Paula and Sue and Cathy Brown, Emalean and Marcia Bigelow, Bobby Moton, Melinda and Dallas Muir, Carolyn Wood, Lani Fisher, Terry-Rae and Donna Matthews, and Anita Wood. Boys getting in their splashes were Karl Wyne, Taylor Wood, Louis and Terrill Lavit. During the business meeting Mrs. Loring Bigelow was appointed chairman of the rummage sale to be sponsored

by the club sometime in the near future.

Glad to hear that Mrs. Virgil Hancock of Madison Court is recovering nicely after undergoing surgery last week.

House guest at the home of Mr. and Mrs. Bert Pemble, Newton St., is Art Green, recently of Chicago. Green is now employed in the northern part of the state, and was able to drop down and pay a visit to the Pembles.

The Jack Farmers of Winlock Dr. had fun and frolic at Disneyland for a day or so last week.

Vet Disabilities May Be Pared, Official States

"Once disabled, always disabled," isn't true of veterans unless their physical impairment is obviously beyond remedy, such as an amputation, it has been pointed out by Mrs. Helen K. Dill, director of the Veterans Service Center.

Assistance to all veterans is available at the center at 1622 Gramercy Ave.

Compensation paid a disabled veteran may be increased, decreased, or discontinued altogether, depending on whether his condition improves or worsens as time goes by.

"The disabilities of most veter-

ans," said Mrs. Dill, "are subject to review at regular intervals. For example, the Veterans Administration has announced that all future examinations in impaired hearing cases will be in audiology clinics equipped with up to date speech reception measurement apparatus.

"A veteran with nearly any ailment or disability which is subject to change must expect to be called in for a VA examination every few years."

A few weeks ago the VA reported it was one third of the way through a nationwide review of all the 1.7 million cases

on its compensation rolls, which will take several years to complete. Only 8,263 ex-service men were found entitled to increased pensions, while decreases in monthly payments were the lot of 11,000 ex-GI's and another 10,000 lost their compensation altogether because of "improvement in the condition to a level no longer justifying monetary awards."

"When a veteran's compensation is cut off," Mrs. Dill said, "he is given 60 days to challenge the VA's findings regarding his physical condition.
