

GOC Volunteers To Be Honored Friday Evening

Recognition of duty hours served at the South Bay Observation Post of the Ground Observer Corps will be given volunteer workers who have manned the post, at a public meeting Friday night in Clark Stadium, 861 Valley Dr., Hermosa Beach. Several residents of Torrance will be honored at the meeting which will start at 7:30 p.m.

Air Force awards recognizing service ranging from 25 to 1000 hours will be presented by M/Sgt. Fred W. Byars, new liaison officer between the post and the filter center in Pasadena. Sergeant Byars is a veteran of 16 years service in the Air Force with active duty in the Far East and the Philippines during World War II and Germany after the war.

He will also show the new Air Force film, "Seek, Find and Kill" which shows the workings of radar on interceptor aircraft.

Invitations have been extended to the Civilian Defense directors of the eight cities supplying volunteers for this post including Torrance, Palos Verdes Estates, Redondo Beach, Hermosa Beach, Manhattan Beach, El Segundo, Inglewood, and Gardena.

Capt. J. J. Roschfort, USNR of Manhattan Beach, who is coordinator of the South Bay Disaster Organization, will be sworn in as supervisor of the post succeeding Eric W. Rafter who has resigned due to press of personal business.

New Psychology Class Opening

This year's Depth Psychology classes, taught by Dorothy L. Law, of the Workshop of Creative Living, Inc., have begun, and are being held on Thursday evenings at 8 at the Workshop, 24242 Hawthorne Ave., in WALTERIA.

"Depth Psychology and Creative Living" is the title of this series of unified lectures, which has the aim, according to Mrs. Law, of assisting the individual to a greater awareness of himself and of life, and to developing more creative ways in meeting the challenges of everyday living.

Each lecture is complete in itself, and is followed by an informal discussion period, when coffee is served. This is a continuous class, and no registration is required. The charge is \$1.50 per class. All individuals and couples will be welcomed. More information can be obtained by calling the Workshop.

New Parent Class Opens Here Today

Planning for the new baby is the subject to be discussed at the first of the new expectant parents' classes starting today in the Torrance Health Center, 2300 Carson St., according to Dr. B. A. Kogan, district health officer.

Educational material is offered to prospective mothers in the care of herself before the baby arrives and the care of the new infant. Information given is educational in nature and does not in any way take the place of early and regular prenatal medical attention by physicians, the Health Officer said.

Subjects to be discussed include layette needs, health during pregnancy, nutrition, baby's growth, formula preparation and baby bath technique. Motion pictures will also be shown at several of the sessions, Doctor Kogan said. The film, "Human Heredity," is scheduled for the first class.

The classes will be held every Thursday at 1 p.m., and prospective parents are invited. There is no registration or other fee as this is a tax-supported service of Los Angeles County Health Department.

Hen Wins Fair Prize
Dorothy L. Burke, 1517 W. 222nd St., is among gold medal winners at Los Angeles County Fair, whose 1957 season ended Sunday. She received the award for showing the best young clear wing green normal hen among the budget-rigars.
