Savings Firm To Give Away Cash Awards

An invitation to all residents of the South Bay area to attend a month-long grand opening was extended today by Edward L. Johnson, managing officer and vice-president of American Savings and Loan Assn.

The city-wide event marks the opening of two new offices in East Whittier and Temple City and will be celebrated at all nine American Savings offices. Free $100 savings awards will be given away at the Manhattan Beach and Redondo Beach offices every weekday at noon, Jan. 2-30, Johnson said.

EVERYONE OVER 18 years of age is eligible to register for the awards, and American Savings accountholders will receive double the $100 when they hold the winning ticket.

Johnson explained that registration is limited to one per person, to be fair to all, but said that non-winning tickets remain in the contest, giving 21 chances to win for those who register early.

No requirement is being made of participants, who may simply go to the American Savings Manhattan Beach or Redondo Beach office and register for the drawing. It will not necessary to be present to win, and the names of the winners will be posted in the office window immediately after they are drawn.

THIS JANUARY Savings Spree follows a year of extraordinary growth for American Savings, during which 66,000 American savings increased their savings approximately $27 million, to a point where total resources are now more than $175 million.

Johnson points out that this growth in size has been accomplished by a growth in strength. With American's $15 million in reserves being more than twice the federal requirement for savings and loan associations.

NATION'S APPETITE

Americans each year eat 570 million pounds of macaroni, spaghetti and vermiceli; about 200 million pounds of egg noodles; and about 10.3 million pounds of plain noodles.
