

To Gather Data County Assessor On Properties

Taxpayers may now file annual property statements and claim veteran or church exemption with the deputy assessors who are currently canvassing this area, County Assessor John R. Quinn announced today.

Door-knob notices will be left by the deputy assessor when residents are not at home, Quinn stated. Persons desiring to file at the branch office may do so from 9 a.m. to 4:30 p.m. until May 8. In this area the county assessor's branch office is located at Torrance City Hall.

Open House Dates Aboard Ships Told

Because of the great number of requests by people in the Torrance area for tours aboard Naval Ships, the Navy Recruiting Office located at 16422 S. Vermont Ave., Gardena, announced today that general visiting is now authorized aboard one or more combatant ships every week end.

Formal arrangements need not be made for such a tour. Following is a list of the ships and the dates which they will hold "Open House":

USS Merrick (AKA97) Attack Cargo Ship, Jan 10-11; USS James E. Kyes (DD787) Destroyer, Jan 17-18; USS Cavallaro (APD128) High Speed Transport, Jan. 24-25; USS Mahoning County (LST914) Landing Ship Tank Jan. 31-Feb. 1; USS Okanogan (APA220) Attack Troop Transport, Feb. 7-8; USS Black (DD 666) Destroyer, Feb. 14-15; USS Mansfield, (DD 728) Destroyer, Feb. 21-22; USS Hornet (CVS) Aircraft Carrier, Feb. 28-March 1; USS Toledo (CA 133) Cruiser, March 7-8; USS Everett F. Larson (DDR 830) Destroyer Radar Picket, March 14-15; USS Wilkinson (DL 5) Frigate, March 21-22; USS Tolovana (AO 64) Oiler, March 28-29.

The ships assigned to Long Beach will be moored on the weekends indicated above at a Municipal Pier in the Long Beach area. The exact location for any given week end is not known at this time. This information should be available about Wednesday preceding the week end concerned and may be obtained by calling the Ship's Information Office, TE 2-7533, or by calling DAVIS 4-4588.

Visiting hours will be from 1 p.m. to 4 p.m. on the dates listed.

It is recommended that ladies wear slacks and low-heeled shoes.

Your Park Department

It has been some time since we have written any articles, so we will start again listing the trees alphabetically.

JACARANDA—acutifolia or green ebony. Here is a wonderful tree for any spot, including street, patio, lawn or tub. It has beautiful fern-like foliage and a mass of large clusters of showy lavender blue flowers that bloom in profusion in late spring and summer.

It should be pruned to establish a framework when young, and pruned later to establish shape. There are many jacarandas throughout the city, and in some of our parks.

THIS TREE will not tolerate wind, therefore our city only plant them where the wind does not strike them directly. It does tolerate heat but not too much frost, and young trees should be protected from frost.

It has a dark brown woody pod about one to two inches across that can be used for in-

door decorations.

The root system of the jacaranda goes deep—it likes a light, well-drained, fertile soil and tolerates drought. It will grow in sun or shade, and attains a height of from 25 to 60 feet. Its spread is from 20 to 45 feet when full grown.

Water deeply about once a month. No special feeding is necessary. It doesn't have diseases and very few pests. It is one of the finest trees around, doesn't make much litter, and its growth is rapid. Phone your Park Department about this tree.—Your Park Department.

WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

Clock stopped? Every day, thousands of folks here in the Pacific West get the correct time from us. In many places, they just dial a number. This connects them with a machine which automatically gives the correct time. In other areas, local operators are always ready to give you the time. Of course, you may not need to use this service every day—but it's nice to know the correct time is as near as your phone. And this service is just one of the many useful "extras" that adds value to your telephone.

Even when youngsters are almost grown up, out-of-town relatives who haven't seen them for a while may still think of them as small children. Keep the out-of-town folks up to date on all their doings. Telephone often. Let the whole family join in the visit. The cost is low—and each call helps keep family ties strong.

SHUTTERS

American-Made of California Fir With Adjustable, Movable Louvers

These shutters are made by American skilled workmen of oil-seasoned wood, the same material and workmanship and for expensive custom shutters.

Don't confuse with cheap inferior imported hardwood shutters that are difficult to plane, saw or hammer and resist staining.
