

**A WORLD TOUR  
AWAITS YOU**

As near to you as The Broadway Del Amo is an around-the-world whirl of home fashions. Chart your next shopping cruise for the third floor of the newest Broadway store and see Royal Doulton lamps from England . . . palace wine jars from Persia . . . pottery creations from Portugal . . . glittering Old World crystal chandeliers . . . the Far East collection of storied lamps . . . sophisticated designs in glass from today's Italy.

**Original  
Oil Paintings**

The permanent Art Gallery at The Broadway Del Amo will continually have new arrivals from all over the world. At present, see the delightful collection of impressionistic originals by leading European contemporaries, each framed in richly hand carved museum style frames, and indeed nominally priced.

**Conversation  
Pieces**

Browse through The Broadway's "Heirloom Collection" of magnificent lamps, prints, and accessory decor. Sketched at the left you see exquisite interpretations of 18th Century museum figures in the Music Lamps, richly wrought in antiqued satin bisque with pure silk shades . . . Coat-of-arms prints are hand done originals, each at least 200 years old, in magnificent Borghese frames of crackled burnished silver. These are but a few of the treasures. In wall decor, you'll see framed Spanish mirrors, antiques, sconces, modern mosaic plaques.
