

CROP DECLINE

Maple sugar production in 1955 fell to a new low total of 43,000 pounds, a sign of steady decline.

Summer Trips To Sierras Planned by Y

The beautiful High Sierras offer again this year a fascinating background for camping with the Torrance YMCA. Two camps in particular will take advantage of this rugged and awe-inspiring setting. Shadow Lake, near Devil's Postpile National Monument, will be the scene of a boys' Base Camp from June 13 to 18. Situated near the famous John Muir Trail, Shadow Lake will offer the perfect opportunity for fishing, hiking and exploring. Twenty-five lucky boys, 11 to 13 years old, will sleep under the stars, cook their meals out of doors and enjoy all of the other exciting experiences of real camping. Three National Parks will be the location for a pioneering Girls' Caravan from July 5 to 12. Twenty-five adventurous girls 12 to 16 year old will visit Sequoia, King's Canyon, and Yosemite National Parks and see all of the sights that have made these places world famous. Half Dome, Yosemite Falls, Grant's Grove, Moro Rock, General Sherman Tree

and Roaring River Falls are just a few of the sights that will be remembered for years. For further information regarding these and other camps for members of the entire family call the Torrance YMCA at FA 8-1272, 2080 Washington Ave.
