

All Veterans Eligible for National Cemetery Burial

Interment in a national cemetery is available to any deceased veteran of wartime or peacetime service whose last period of service ended honorably, according to Director Sara R. Evans, Torrance Area Veterans Service Center. Burial also is available to an eligible veteran's wife, husband, widow, widower, minor children, and —under certain conditions— to unmarried adult children.

Burial benefits are among the federal privileges available

to veterans and their dependents through the Veterans Administration, and are administered by the Department of the Army and the Department of the Interior, through superintendents of the various national cemeteries.

All veterans Eligible
Any citizen of the U. S. who served honorably in the armed forces of any government allied with the U. S. during a war, and who was a U. S. citizen at the time of such service, also is eligible for national cemetery burial.

There are no specific forms to be filled out prior to burial in a national cemetery. At the time of death of an eligible, the mortician or person re-

sponsible for funeral arrangements may contact the superintendent of the national cemetery where burial is desired. All information concerning the military record of the service person should be provided, and burial of the eligible's remains requested.

Authority Needed
Remains should not be shipped to the national cemetery nor should final time of funeral services be set until the burial has been authorized by the cemetery superintendent.

There is no charge for the gravesite in a national cemetery, or for opening or closing of the grave. However, the expenses of preparation, casketing, and transportation of the remains to the cemetery must be met from private funds. In certain cases, some payment toward burial expenses may be made by the Veterans Administration.

Professional Leaders to Help Underwrite Blood Bank Cost

Torrance's 1958 Expanded Red Cross Fund appeal—due to get started officially on March 1—will get its initial boost from twelve of the community's professional individuals who have offered to underwrite the cost of Thursday's bloodmobile visit.

This was the report of Dr. Don Moshos, fund chairman, who stated that the following will share the \$1377 cost of conducting the scheduled 250-pint Red Cross blood recruiting program—John Beeman, M.D., Jack Salin, administrator of the Riviera Hospital; Alan Klatzker, John Nursall, M.D.; Mr. and Mrs. W. A. Felker, Donald Findley, Albert Isen, Atty. and Mrs. Boris Woolley, Rosemary DeCamp, and Judge John A. Shidler.

Additional information is obtainable from Mrs. Evans, whose office address is 1622 Gramercy Ave. This is a Community Chest sponsored agency.

Explaining the \$1377 figure, Dr. Moshos said that it costs the Red Cross an average of \$5.51 to collect, deliver and process one pint of blood.

Funds Needed
"This cost is always taken care of by funds raised during the annual Red Cross fund campaign," he said. "Thus by donating blood at regularly scheduled bloodmobile and funds during the annual campaign, the American people made it possible for Red Cross to distribute blood 'free of charge' to individuals when they need it."

Commenting on the "phenomenal growth of the Red Cross blood program during the past 10 years, Dr. Moshos pointed out the Red Cross blood program during the past 10 years, Dr. Moshos pointed out that "along with enabling physicians in this area to undertake with confidence the routine care of the ill and injured, a ready blood supply

makes possible certain operations that might never have been accomplished without the availability of blood in large quantities, surgical procedures such as operations inside the heart, extensive cancer operations, and exchange transfusions.

Research Spurred
"Continuing research is not only finding new uses for our present blood derivatives for use in the treatment and control of an even greater variety of illnesses," he said, while indicating that Los Angeles Chapter supplied without charge in excess of 145,000 pints of whole blood to civilian hospitals during 1957.

THIRD LARGEST
Canada's 42,335 miles of railway trackage is exceeded only by that in the United States and in Soviet Russia.

MARRY HER . . . That's the advice that Andy Rosenthal, San Pedro, is giving to Mabel Goodwin, 2415 W. 235th St., in the San Pedro Theatre Arts production of "The Rainmaker," which begins its three-weekend run this Friday night at the playhouse, 501 S. Cabrillo Ave., San Pedro. Rosenthal plays the sheriff, while Goodwin portrays his woman-shy deputy.

'RAINMAKER' SLATED IN SAN PEDRO

A three week end production of N. Richard Nash's romantic play, "The Rainmaker" will open Friday, as the second production of the season for the San Pedro Theatre Arts, it was announced today.

Performances are scheduled for 8:15 p.m., Feb. 14, 15, 16, 21, 22, 23, 28, and March 1 and 2 at the group's playhouse, 501 S. Cabrillo Ave., San Pedro.

Lomitan Directs
Under the direction of Nancy Andrews, of Lomita, the play, a hit as a motion picture and on Broadway, is the story of a rainmaker and his promise to bring rain to a drought stricken community in the West and of a girl whose father and two brothers are as worried as much about her becoming an old maid as they are about their dying cattle.

Laura Madigan will play the role of Lizzie Curry, the plain girl resigned to her spinsterhood, while Dan Sanchez is the rainmaker who turns on his magic on the girl and persuades her that she has a very real beauty of her own.

Cast Told
Starring with this pair are Dick Piper of Redondo Beach as Noah Curry, the brother who's determined to marry off his sister; Harvey Wichman of Long Beach as Jimm Curry, who backs his brother's plans, and Walter Buck as H. C. Curry, the father who sympathizes with Lizzie's feelings.

Adding confusion to the plot are Andy Rosenthal, of San Pedro, as Sheriff Thomas, who is determined that his deputy File, played by Keith Goodwin of Torrance, becomes Lizzie's husband.

IMPROVED LIGHT
A modern electric light bulb gives 10 times as much illumination as the first incandescent lamps and at about one-tenth the cost.
