\$1124 Check Given To YMCA Campaign

L. N. Gill, plant manager of American-Standard, presented a check for \$1124.50 to Benjamin Smith, chairman of the board of the YMCA of Torrance for 1958 current support Tuesday.

The American-Standard contribution represented a joint effort of the company, employes, and management personnel to support the local youth program of the YMCA.

Workers Give

The company gave \$250 of the total gift, and management personnel contributed \$328 to the YMCA. John B. Feltes, president of Local Union 218, International Brotherhood of Operative Pottery, took a day off from his job at American-Standard to personally solicit all members of Local Union 218 at the plant.

Feltes' efforts, and the generosity of the employes, resulted in an employ contribution totaling \$546.50, an average of \$2.09 per employe. The balance came from the other sources mentioned above.

Three Leaders

Ben Smith, accepting the check praised American-Standard's contribution. He pointed out that three YMCA campaign division chairmen come from the firm. They are L. N. Gill, Century Club chairman; Mervin Schwab, clubs division chairman; William Speck, church division chairman. Smith said that 26 other American-Standard employes are serving as YMCA campaigners in the \$30,000 YMCA fund drive.

Smith reported that the YMCA has now received \$14,000 toward the 1958 goal. Although the drive was to conclude today, it has been extended in order to achieve the goal needed to serve more than 7000 local youngsters.

Carson Leaders Study Proposal To Incorporate

The question of incorporating the Carson area into a city has been discussed by residents of the area during the past several weeks.

Some persons favor remaining in an unincorporated county area status, while others seek incorporation of the area into a new city, residents and businessmen report.

A movement has been started to annex the Hammerton Tract area to the city of Los Angeles, and many people fear similar fate awaits other parts of the Carson area within the next few years.

Construction of a new supermarket for the area was started this week when contractors for the new Shoppers Market at Carson St. and Main began erection of east and south parking lot walls.

Completion of construction is scheduled for the next three months. A grocery market is to be constructed now with variety stores to be erected later. B. F. Metcalf Construction Co. is the builder, with Harry Howe superintendent of construction.

Notice of intention to engage in the sale of alcoholic beverages at 21518 S. Main St. has been published by Henry A. Potocki. Protests must be filed within 30 days of Feb. 13 to the Department of Alcoholic Beverage Control office. —J. R. Gateley.
