Ninth Grammar School Relays Set Saturday

The ninth annual Grammar School Relays sponsored by the Torrance Optimist Club will be held Saturday at the Torrance High School stadium.

The popular meet, under the chairmanship of Optimist Cliff Graybehl, former Torrance High and North High grid coach, will pit teams from each of the city's elementary schools in an eight-event track and field meet Saturday morning.

The activities will be concluded at noon with a hot-dog luncheon set up under the direction of Dave Figueredo, first vice president of the Optimists.

Golfers Add 14th Victim

North High's superb stick wielders made in 14 in a row as they unceremoniously dumped Hawthorne 46-8 in match play at Alondra Park, Monday.

Tony Mance came through with a 2 over par 38 to lead the scoring pack. The entire team, with the exception of Paul Herrera who shot a 40, racked up scores in the 30s.

'Maverick' to Open Little League Play

North Torrance Little League's 1958 season will open Sunday in a bang up way.

James Garner, the star of television's "Maverick," will serve as grand marshal and lead a parade starting at 10 a.m.

Garner, one of the most popular of the many western stars appearing on TV, also will toss out the first ball to open the league play.

The parade will form at 10 a.m. near El Camino College. The line of march will be Crenshaw Blvd. to 182nd St., west to 190th St. and Dominguez Field for the opening ceremonies.

The North Torrance High School band will furnish music for the parade and the day's activities. Mayor Albert Isen will officiate at the ceremonies and other guests will be Councilman Nick Drale and George Vico, former baseball great of the Hollywood and Detroit teams.

The game schedule pits the Huskies against the Bruins, the Indians versus the Trojans, the Beavers versus the Bears.

Four minor teams will start their play Monday at 6 p.m.

GREATEST ADVANCE IN COOKING!

TOP BURNER HEAT CONTROL

ON 1958 GAS RANGES

LOOK FOR THE GREEN DOT when you visit your dealer — it's your buying guide to a truly modern Gas range!

Makes every pan automatic! With Top Burner Heat Control, all you do is dial the desired cooking temperature. The sensing element in the center of the burner takes over. It touches the pan, takes its temperature, then raises or lowers flame to maintain pre-set cooking temperature. Potwatching is ended—forever! No wonder folks call this feature the "Burner with a Brain!"

The 1958 Gas range illustrated is the **GAFFERS & SATTLER**. Other makes equipped with top burner heat control can be identified by the Green Dot. See the new Gas ranges that are automatic all the way—at your dealer or Gas Company.

Look what these features do for you! They're simply wonderful!

AUTOMATIC ROASTING THERMOMETER lets you cook meat to order—well-done, medium or rare. All you do is set the thermometer. Insert it into roast. Oven shuts off automatically when meat is done.

ROTARY BARBECUE brings the flavor of outdoor cooking indoors—without the mess and fuss. Smoke, spatter vanish in Gas flame. As with Gas broiling, your barbecue with broiler door closed.
