## **Dairies Defended**

Editor, Torrance Herald: At a time when our coun-try is seekinm means to overcome this recession (and 'n-flation of prices'), seems very ungainly time to attempt to remove eleven dairies from remove eleven dairies from our "All America City" of Torrañce (incidentally, Tor-

rance received that honor in-cluding these eleven dairies. These dairies must employ more than 300 people, plus the men that deliver the bymore than 300 people, plus the men that deliver the by-products, supplies, etc. Aside from putting all of these people out of work and tak-ing a considerable amount of business from the suppliers, the customers of our dairies will hese thousands of dollars

couple hundred homes, while 10 homes would pay the City will lose thousands of dollars each year. Where are these dairies supposed to move? And what of these owners and workers

to the residents of Torrance for 10, 15, 20 years or long-There is one fact that re-mains quite clear; these dai-ries were established long be-fore the tracts of houses were built around them were built around them — long before people bought these houses. Surely they knew the dairles were their 'next door neighbors'! It seems quite logical that if you don't care for the atmos-house of a dairy don't make

Funeral services were held yesterday at Stone and Myers Mortuary Chapel for William Moss Sr., 57, of 3821 Via Pal-omino, Palos Verdes Estates. Burial was in Green Hills Mem-orial Park Burial was in Green Hills Mem-orial Park. Mr. Moss, who died May 1, had operated the M & M Trans-fer here with his sons since 1944. Prior to that he oper-ated a transfer company in Los Angeles and was earlier asso-ciated with the Union Trucking Co. He was a member of th California Trucking Assn. He is survived by his wid-ow, Viola Moss, of the home address; and sons, William Jr., of 5212 Calle de Arboles; Mark, of 1602 S. Bellmont Ave.; and

Old No. 1624 which started its career in Torrance back in 1924, has come to rest at the Los Angeles County Fair-

grounds in Pomona. The last of the trolley-type electric freight locomotives of Pacific Electric Railway was put on permanent display with historic steam locomotives at the orbit track vertextear.

The same coming of this commit-ble material is available to home, both at the corner findings of this commit-the exhibit track yesterday.A 35-foot engine which looksthe same coming or going, No.1624 was built in 1924 by Pa-cific Electric in its former Tortee have been that question-able material is available to the teen-ager outside the home, both at the corner news stand and at the thea-ter. Stimulation of immorral ideas through these media is contributing to a moral backdown domenicing the rance shops with 12 other simi-lar units. It is the sole survivor of 41 trolley-type freight motors once operated by PE throughout Los Angeles, River-side, Orange and San Bernar-dino Counties. Freshly painted for its retire-ment the 205 housenesses No. breakdown, glamorizing un-acceptable behavior, thus adding to delinquency, caus-

ing much unhappiness and ruining many young lives. Our findings indicate that ressnip painted for its retire-ment, the 205-horsepower No. 1624 was presented as a gift to the Los Angeles Chapter National Railway Historical So ciety. D. R. Lewis, vice presi-dent and general manager of Pacific Electric mode the presthese questionable magazines are not necessarily being purchased by the young people, but are being read over a coke or candy bar at the cor-ner news stand. We have ob-served children from the very best families, families Pacific Electric, made th entation of the 127,000 pound engine.

## LUMBER SUPPLY

whom we are sure are aware of what their children read at home, standing around liquor stores on their way home from school reading these There are enough standing trees in the U. S. to supply the lumber for a six-room house lumber for a six-room house for every man, woman and child in the country.

This problem is definitely not new inasmuch as the community to enforce these

It seems this old trick was used on some people in Tor-rance as much as six years ago. Most of us believed those brokers, builders, and sales-men, or we would not have bought. We didn't know at the time either that about oll required by the building in-spectors of the City of Tor-rance was that yuor residence would not impair your life or health for the first year.

health for the first year. Some of your middle age cows will out-live most of these homes I assure you. This, however, is a matter for the State Real Estate Board and the Contractors Li-cense Bureau (Board) — the

not for the individual home buyer; and the same goes for the Contractors License

Board. Of course you gentlemen have investments and pay taxes, and were here first. Some dairies would hold a

of Torrance more taxes and you could make more profit and increase property values and have land left, but not if dairies stay. As to you being here first; the Indians were here before you, when they could plant corn and grow wild turnips without cultivation, and cattle and people did not have to live together.

This is supposed to be an Incorporated City. You can inspect other dairies in Calibe milked and fed under shel-

realized a problem existed re-garding the type magazines that were appearing on our local news stands and being made available to our young people. Because of their deep people. Because of their deep concern in regard to this problem they appointed a committee consisting of five Torrance citizens, two Tor-rance merchants and three
