 At one of the country'slargest airports, an insurance company is paying a percen-
age of the premiums that constitutes a rental of $\$ 7100$ per square foot per year for count
er space occupied," he stated er space occupied," he stated.
"At the same airport, the airlines are paying less than
$\$ 2$ per square foot for prime
lobb space, and a bank pays 1005 space, and a bank pays
$\$ 3.50$ per square foot per year
for lobby space. These redicilous rentals, combined with
the unusual cate the insurance companies
are not receiving enough the premium dollar to build
the necessary reserves to this jet age,", resum said.
