Fear can be mastered by Christian Science

Fear in some form is the foe we all have to conquer—fear of sickness, lack of future, old age or loneliness. There are many doors through which fear tries to enter.

Science and Health with Key to the Scriptures by Mary Baker Eddy has shown countless thousands how to overcome fear. It does so, not in terms of human psychology, but of spiritual understanding, as the Bible teaches.

For Science and Health shows what God really is, and how anyone can find and feel his God-given freedom in every need.

Science and Health may be read or borrowed at any Christian Science Reading Room. Send 15 for a copy postpaid.
