Payment of 4 per cent interest will be continued through the remainder of 1958 by American Savings and Loan Assn. It was announced today by Edward L. Johnson, executive vice president and managing officer.

Installation of Thomas W. Mills as lieutenant governor of area Kiwanis clubs has been scheduled for Nov. 22 in Hawthorne.

The American Legion's executive board will begin meeting twice each month, Commander J. Rome Gateley reported this week.

Legion Executive Board to Meet Twice a Month, Gateley Reports

The commander is still seeking men to serve on committees, he said. Top priority is given to the search for a representative to the Torrance Educational Advisory Committee.

Other reports made to Legionnaires last week included that of Stanley Heiman, service officer, who reported on the post's work in providing aid for the Offutt family whose home burned recently.

Applications for membership have been turned in by more than 20 veterans during the past three months, Ed Loechnis, first vice president of the post reported. He reminded Legionnaires that 1959 dues are now payable. He reported that the 10th District of the Legion has offered awards to posts meeting the 1959 quota at an early date.

Saturday night dances at the Legion Hall, 1109 Border Ave., have been increasing in popularity each week, Gateley reported. The dances are held under the direction of Mel Coates, second vice president of the post. Coates' band furnishes the music.

Plans are now being made for a Halloween dance Oct. 31.

DETAILED REPORTS on operation of the Legion clubhouse, presented by House Committee Chairman Ben Ferson at last week's meeting, showed that the post was showing a monthly net operating profit of about \$300, Gateley reported.
