

Youth Honor Day to Be Observed Here Oct. 31

... that the youth of the cities of Torrance and Los Angeles county be given recognition for their outstanding achievements. And be encouraged to prepare themselves for their future responsibilities and obligations as citizens of the United States.

These words preface the resolutions introduced and passed this week by the city councils of Torrance and Los Angeles and the Board of Supervisors of Los Angeles counties and proclaimed on Fri., Oct. 31, 1958 . . . Halloween . . . as Youth Honor Day.

The Youth Honor Day program, instituted nationally by the Loyal Order of Moose fraternity, locally by the Torrance Moose lodge, and observed by more than 12,000 members of the Moose family living in the Los Angeles area, was established to give recognition to the many outstanding acts of teenagers.

"It is the intention of the Moose fraternity," said James D. McNamee, governor of the Torrance lodge, "to focus as much attention on the contributions of youth to community betterment as has been given to the delinquency actions of a small minority of youth. We have taken the 'honor' of our communities too much for granted," said Joseph J. Platt, chairman of the Los Angeles area advisory committee, who presented the resolutions for adoption. "We will perform good deeds many fold more."

"We might ask ourselves," said Platt, "just how much recognition and appreciation we have given youth. Ask the children how often their parents have attended honor courts presented by Scout troops . . . and Little League and Babe Ruth baseball games? Ask the boys and girls how the public supported and attended exhibitions presented

FAMILY REUNION . . . Mrs. Alex C. Kadowice welcomes his wife, daughter Nancy, and son William as they arrived recently at Fort Buckner, Oklahoma. Mrs. Kadowice, the daughter of Mrs. Mary Rifer of Torrance, and her children went to Oklahoma with U.S.S. General A. E. Anderson to be with Sergeant Kadowice who is assigned to the U.S. Army Medical Service Co.

by the youth of our community?

"Youth Honor Day," concluded the civic affairs chairman, "is just one way that the parents, general public and public officials can express their appreciation to the young people of our community for their unusual but substantial contributions to our American way of life. Many other organizations throughout the country have joined the Moose fraternity in presenting programs on Youth Honor Day. We of the Torrance lodge hope that other Torrance organizations will join us this year, or in future years, in presenting appropriate programs on Youth Honor Day."

JOHN S. GIBSON JR., president of the Los Angeles city council, introduced the Youth Honor Day resolution to the council while Burton Chace presented the proclamation to this week's meeting of the Board of Supervisors. Mayor Albert Isen introduced the resolution during Tuesday night's meeting of the Torrance city council.

The Torrance lodge will present a Halloween costume party and dance for the teenagers of Torrance on Youth Honor Day. Due, however, to the limited space of the lodge hall at 1744 W. Carson St., admission will be limited to the first 150 teenagers at the hall. Awards will be given for the best costumes by the Women of the Moose. Typical Halloween games will also be presented during the evening.

Proposition 18 Labeled as "Right to Work for Less" Scheme

Business, civic, religious and political leaders of our community are united in condemning Proposition 18 as a fraud, masquerading under dishonest and misleading slogans. It is backed by a few extremely powerful, wealthy, behind-the-scenes special interests. Their only objective is to divide labor and management into warring camps . . . and to benefit from the strikes and strife and depressed wages which have accompanied "right-to-work" laws in every unfortunate state where they have been enacted.

Proposition 18 Would Breed Labor Management Corruption

Despite the misleading claims of its promoters, Proposition 18 contains not one single provision for dealing with labor-management corruption. It would have just the opposite effect. Whenever honest responsible working agreements between employers and employees are destroyed — as they would be by Proposition 18 — it is only the greedy, corrupt and extremist elements in management and labor who benefit! Secretary of Labor Mitchell himself recently stated that "right-to-work" laws tend, if anything, to increase corruption, strikes and labor-management disputes.
