

Church to Hear Panel Discuss Proposition 16

Mrs. Emily Felder, chairman of the Commission on Christian Social Relations of Alondra Park Methodist Church, announced today that a panel discussion on Proposition No. 16 as appearing on the November state ballot, will be held in the church social hall at 3153 West Compton Boulevard, Gardena, Sunday at 7:30 p.m.

Speaking for the Proposition will be Dr. Ira Ketchum, chairman of Clergy Advisory Committee of Californians for Public Schools, and John Owen, president of Californians for Public Schools.

Speaking against the proposition will be Dick Griffin, owner and manager of Allied Service Co., Los Angeles, elder in Calvary Presbyterian Church, Hawthorne, and Booth Woodruff, member of Church of Latter Day Saints, Los Angeles.

Chairman will be Jack Wallace, graduate assistant, Dale Carnegie Course and economic analyst for the Standard Oil Company.

The public is invited to attend.

Returning to the pulpit of Alondra Park Methodist Church this Sunday after a one month's leave of absence during which he reorganized the Sunday School, will be Rev. Earl W. Isbell, who will deliver a sermon entitled "Christ in the Social Order" at 11 a.m. worship services.

Among the changes he has instituted in the Sunday School set-up are separation of departments with individual superintendents.

Heading the children's division, which includes the overall category of birth through sixth grade, will be former public school teacher Mrs. Beverly Davis.

In the reorganized kindergarten department, Mrs. Dorothy Airhart will be superintendent. Mrs. Evelyn Foster has been named junior department superintendent; and Mrs. Audrey Collett will be in charge of the primary department.

Chairman of the Sunday School personnel recruitment committee will be Gene Spahr, who has been a teacher and MYF counselor in the church school for eight years.

Sunday School classes meet at 9 a.m. and 10:30 a.m. each Sunday.

Assistance in preparing for the blessed event is offered prospective parents in a new series of expectant mothers' classes to be held at the Torrance Health Center, 2300 Carson St., starting today at 1 p.m.

Many private physicians are urging their prenatal patients to attend these classes, according to Dr. B. A. Kogan, district health officer for the County Health Department, the sponsoring agency. "The class instruction in no way takes the place of early and regular prenatal care by physicians," Dr. Kogan pointed out, "but offers additional information and aid in planning and care for the new baby."

How the baby grows, nutrition, formula preparation, and baby bath technique are among the subjects demonstrated with motion picture films.

Miss Aurora Martinez, public health nurse will be instructor for the sessions which will meet every Thursday at 1 p.m., Dr. Kogan said. There is no registration fee for this tax-supported health education service of Los Angeles County Health Department.

Rev. Earl Isbell Back in Pulpit
