Torrance High In Grid Victory

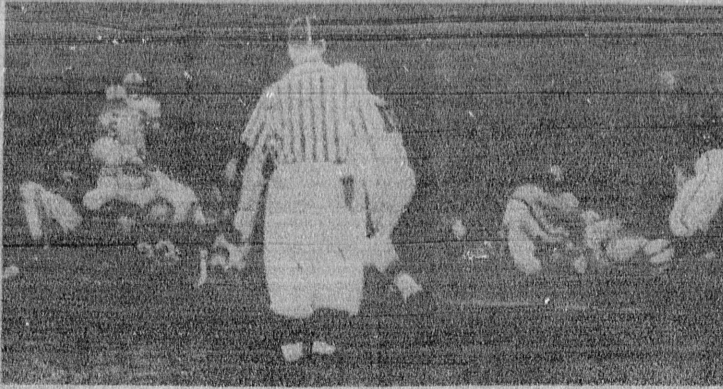

Torrance High broke its losing streak Friday night as the locals took Redondo Beach to the tune of 26-7 on the local eleven's field.

Manford Mainer, Tartar right half, was the man of the evening as he hit the chalk for both tallies. Fullback Jim Hester made one conversion try good for Torrance.

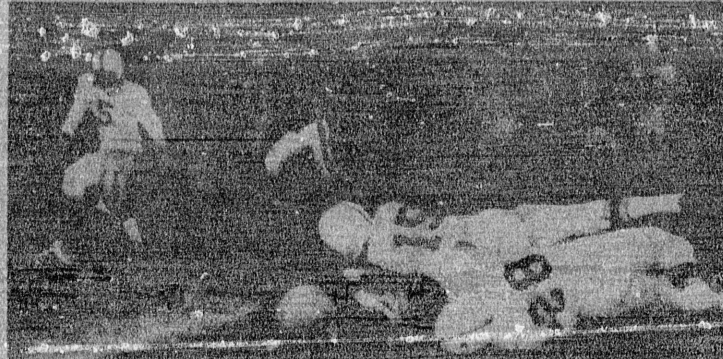

Redondo's Lindsey scored their lone TD and Smith accounted for the safety.

The Tartars meet Mira Costa next Friday in a night football game on the latter's field.

3000 Fans See North Victory

By JERRY REYNOLDS
Upwards of 3000 excited fans at the Torrance High stadium witnessed a major Pioneer League upset Friday night as the North High Saxons grabbed an early 13-0 lead on their way to a 26-7 victory over the visiting El Segundo Eagles to knock the 'Gundo crew from the ranks of the undefeated.

Spartans Swamp Aviation Eleven In 54-0 Victory

South High beat its way to a 54-0 victory over the visiting Aviation High, 59 to 0, Friday afternoon on the local's field. The brilliant passing of Bill Hargrove to right end Cliff Roy and right half Joe Austin demoralized the visiting Falcons. Both receivers scored two touchdowns on aerial offerings and gained heavy yardage throughout the game.

A crowd of 2000 witnessed the weak efforts of Aviation as the Spartans swarmed over them, clicking on a high percentage of passes and sweeping ends at will.

The Falcons showed little ground-gaining ability, making futile attempts on end runs that only tired the Aviation backs. The hard tackling of Spartan linemen and linebackers helped to slow the losers down early in the first half.

South High scored in all four quarters, and besides the twin tallies by Austin and Roy, the Falcon goal line was crossed by Hargrove and Ron Drieling. Hargrove ripped the Falcons' line to shreds as he ran at will through the out-classed eleven.

Sportsmanship In Bay League To Be Awarded

Separate seating of student rooters at Torrance High School football games is an important part of a program of education that is aimed at the development of high standards of spectator conduct at all Bay League high school athletic contests, it was announced today by officers of the Torrance High School student body and the school administration.

All Bay League high schools but one are following this plan in an effort to implement the 1958-59 Bay League Sportsmanship Contest. A point rating system is employed as follows:

Points may be lost for "booing" of officials or disrespect toward officials, for rowdyism, throwing of objects, or violation of city and state laws with one point off for each instance of student smoking.

Points may be gained for cooperating with yell and song leaders, excellence of yells, songs, spirit and enthusiasm, organization of a pom-pom section, remaining for the school Alma Mater, and allowing the visiting school the first singing of their Alma Mater at the end of the game.

Points may also be earned by observing stadium regulations in roping off the home-team's rooting section for benefit of visiting contest judges, remaining off the playing fields and sidelines and observing restraining fences, ropes, etc.

This program of promoting good sportsmanship at high school athletic events was originated by Bay League high schools some years ago.

- FACT 1** Throughout 1958 unemployment has been about 5 million.
- FACT 2** Mortgage foreclosures on VA home loans have increased 23% during the first five months of 1959 over the same period of 1957. At this rate, some 200,000 homes could be foreclosed in 1959.
- FACT 3** Additional millions are working part-time, resulting in a real unemployment figure of between 7-8 million.
- FACT 4** They planned it this way . . . the July 15, 1947 N.Y. Journal of Commerce printed a 1958 secret for its 512 business readers.

"The evidence now points strongly to the conclusion that both the Administration and the Federal Reserve Authorities believe that a moderate recession now would be a small price to pay for the avoidance of another boom-and-bust later on."

So the GOP thought the way to end inflation was to create a business slowdown, but it got out of hand, and became a full-blown recession. Result: workers lost over 30.5 billion in 1948 wages alone this year!
