FILM DEPICTS LIFE OF CHRIST... The scene above is from the Living Christ film series to be shown in 12 episodes as a free presentation to the public each Sunday at 6:30 p.m. at the South Bay Church of God, 17031 Yukon Ave., beginning this Sunday.

Spiritual Power Topic Next Sunday

In the birth and mission of Christ Jesus the evidence of spiritual power in the nature of God, or in the energy measurement of the atom the executive force? This question is discussed in part in the Lesson-Sermon "In the Universe, Including Man, Evolved by Atomic Force?" delivered in all Christian Science churches Sunday.

The spiritual discernment of the "wise men" who were led by what they saw beyond the star in the east to the birthplace of Christ Jesus, is brought out in the sermon from the account in Matthew, where "the star, which they saw... went before them... And when they saw the star, they rejoiced... And when they were come into the house, they saw the young child with Mary" (2:9,10,11).

Referring to spiritual versus material force Mary Baker Eddy says in a correlative selection from "Science and Health with Key to the Scriptures": "The divine origin of Jesus gave Him more than human power to expound the facts of creation, and demonstrate the one Mind which makes and governs man and the universe" (p. 539).

The Golden Text for the sermon is from the Psalms (66:9,10), "All nations whom Thou hast made shall come and worship before Thee, O Lord; and shall glorify Thy name: For Thou art great, and doest wondrous things: Thou art God alone."

Life of Christ Film Series Begins Sunday

Photographed in full color with a cast of over 200, The Living Christ series was produced by Cathedral Films, beginning with the prophecies of Isaiah during the reign of Herod, it is a complete pictorial account of events from the nativity through the crucifixion and the resurrection.
