**DECEMBER 17, 1959** 

If trimming your Christmas tree Sunday, Dec. 20, does not have you tied up, you will find the turkey derby sponsored by the Torrance Rod and Gun Club interesting. It will be held from midnight to 10 a.m. You can register for the event at Wiley's Bait and Tackle on Highway 101 in Malibu. Checking in time will be made at Zuma Beach. Twenty-five turkeys will be given away for the largest 25 surf fish brought in. Also a first place trophy and barbecue will be given as door prizes.

will be given away for the largest 25 surf fish brought in. Also a first place trophy and barbecue will be given as door prizes.

Participating in this event will not only be lots of fun, but it will be contributing toward a worthy cause. Proceeds from the sale of tickets, at \$1.50 each, will help the club build a clubhouse.

We wish to extend our congratulations to the newly formed "Mobil Sportsmen Club" of the General Petroleum plant on 190th Street and Crenshaw Boulevard. This club will be headed by Chuck Belcher. So far it has a paid membership of about fifty members. Dues have been set at one dollar for initiation fees and five dollars for annual dues. So all those sportsmen working at G.P. who have not yet joined this new club should check into it.

The Torrance Rod and Gun Club has authorized me to issue a Surf Perch Challenge to them. This will be an interesting event. More about this later.

We have been receiving reports of good yellowtail fishing at Huntington Flats. Harvel Guttenfelder and Riley Lee went out on the Hurricane last Thursday and brought in some nice ones. Altogether, the 28 anglers on the Hurricane brought back 77 yellows.

Henry Buxton took the Catalina Special out of Norm's and recled in eight yellows in the six-to-nine-pound class. He reported more than 150 taken by all that day. After Dec. 16, the San Pedro Special, skippered by Jack Davis, will commence daily runs.

We are also hearing more and more about corvina fishing in the Salton Sea. Bill Ott goes regularly on weekends. He uses mud suckers for bait and says they can be used over and over again. He suggests you move the bait very slowly. His own personal "Hot Spot" is the All American Canal in Mecca. To get there, take Lincoln Avenue and put your boat in at the handy boat launching arrangement at the end of the street. There you can fish for the corvina in the Sea and, because you're close to the canal, you can also fish for catfish and bass.

This would be a good place to go incetween the

street. There you can fish for the corvina in the Sea and, because you're close to the canal, you can also fish for catfish and bass.

This would be a good place to go in between the holidays. Already a good area for sportsmen, soon the Salton Sea will be a real paradise for them. We should consider ourselves lucky to be so near to such a fabulous "Hot Spot."

Speaking of the Sea, Dean Barkdull, Walt Gilliard and Yours Truly went down Wednesday! There in the Y-16 area some 20 shooters took 21 ducks, 12 of which were ours. Dean made the most beautiful double that day—one I never expect to see again—at some 70 yards distance. You should have seen the grin on his face. Such sheer bliss.

Well, our scouts searching out "Hot Spots" for wild pigeons have reported no success as yet. The weather is still too warm. No one knows yet just where they will come in. They like acorns and pinon nuts so we suggest that you keep on scouting around, mostly in high mountain areas. The season runs from Dec. 11 to Jan. 10th. Don Franklin found them for us two years ago at Idylwild and provided us with some most excellent shooting. He reports no flights there this year or at Pine Mountain or Bakersfield, but he did spot a few flights out of Santa Barbara toward Lake Cachuma.

No reports yet from Green Valley, where they were found last year.

Limits have been reportedly taken at Mount Palomar

Limits have been reportedly taken at Mount Palomar but game wardens there are giving out tickets, because of the fire hazard, in certain areas. Be sure to check with the local warden before you go in.

Chuckle for today: Last week Wiley Pinson went rabbit hunting with our dog and several Forrance hunters. He got a few and took them home. A week later he put on his hunting coat to go out again and found a nice ripe rabbit tucked away in the corner of his coat. No one would stand by him at the shoot he attended . . . perhaps that's why he won a turkey.

Our 1960 fishing licenses are in so why don't you get one for Mom or Dad or yourself for Christmas. This year they are green with stamps the color of blue fresh water. Very pretty.

Tuesday Coach Bill Wood's northerners were smashed by sponsoring Beverly Hills, 59-46 as the plush city boys outscored the Saxons in every quarter — save the fourth. The Normans' tight defense stopped North's usually dependable center, Sam Davidson, cold. He hit on only three foul shots.

Ron Jacobs, probably the top all around player for North, hit for 11 points while Jack Golphenee scored 12.

## Warriors Edged By LACC, 75-71

Coach George Stanich's El Camino Warriors, dragging three straight losses with them, invade Ventura tomorrow night for the team's final tuneup before entering the annual Sam Barry Memorial Basketball Tournament at Glendale next week.

Tuesday El Camino, after playing 40 minutes to a 65-65 tie with Los Angeles City College, lost in a thrill-packed overtime prayoff, 75-71 in the Warrior gym.

Camino found itself down by 10 at the outset of the second half, after LACC converted two bad passes into a couple of easy layins, but the fast-breaking Warriors stormed back and led 62-59 with four minutes to play, after three quick baskets by center Harry Dinnel and a two-pointer by John Boyd gave the Warriors command.
